The "Company" in this Management's Discussion and Analysis ("MD&A") refers to The Westaim Corporation ("Westaim") on a consolidated basis. This MD&A, which has been approved by the Board of Directors of Westaim, should be read in conjunction with the Company's unaudited interim consolidated financial statements including notes for the three months ended March 31, 2023 and 2022 as set out on pages 39 to 60 of this quarterly report ("Financial Statements"). Financial data in this MD&A has been derived from the Financial Statements and is intended to enable the reader to assess the Company's results of operations for the three months ended March 31, 2023 and financial condition as at March 31, 2023. The Company reports its consolidated Financial Statements using generally accepted accounting principles ("GAAP") and accounting policies consistent with International Financial Reporting Standards ("IFRS"). All currency amounts are in United States dollars ("US\$"), the functional and presentation currency of the Company, unless otherwise indicated. Canadian dollars are referenced as C\$. The following commentary is current as of May 16, 2023. Additional information relating to the Company is available on the System for Electronic Document Analysis and Retrieval ("SEDAR") at [www.sedar.com](http://www.sedar.com). Certain comparative figures have been reclassified to conform to the presentation of the current year, and certain totals, subtotals and percentages may not reconcile due to rounding.

**IFRS for Investment Entities**

The Company qualifies as an investment entity under IFRS and uses fair value as the key measure to monitor and evaluate its primary investments. The Company reports its financial results in accordance with IFRS applicable to investment entities.

**Functional and Presentation Currency**

The US\$ is the functional and presentation currency of the Company. International Accounting Standard 21 "*The Effects of Changes in Foreign Exchange Rates*" describes functional currency as the currency of the primary economic environment in which an entity operates. A significant majority of the Company's revenues and costs are earned and incurred in US\$, respectively.

**Non-GAAP Measures**

The Company uses both IFRS and non-generally accepted accounting principles ("non-GAAP") measures to assess performance. The Company cautions readers about non-GAAP measures that do not have a standardized meaning under IFRS and are unlikely to be comparable to similar measures used by other companies. Management believes these measures allow for a more complete understanding of the underlying business. These measures are used to monitor the Company's results and should not be viewed as a substitute for those determined in accordance with IFRS. Reconciliations of such measures to the most comparable IFRS figures are contained in Section 15, *Non-GAAP Measures* of this MD&A.

**Cautionary Statement Regarding the Valuation of Investments in Private Entities**

In the absence of an active market for its investments in private entities, fair values for these investments are determined by management using the appropriate valuation methodologies after considering the history and nature of the business, operating results and financial conditions, outlook and prospects, general economic, industry and market conditions, capital market and transaction market conditions, contractual rights relating to the investment, public market comparables, net asset value, discounted cash flow analysis, comparable recent arm's length transactions, private market transaction multiples and, where applicable, other pertinent considerations. The process of valuing investments for which no active market exists is inevitably based on inherent uncertainties and the resulting values may differ from values that would have been used had an active market existed. The amounts at which the Company's investments in private entities could be disposed of may differ from the fair value assigned and the differences could be material.

**Cautionary Statement Regarding Financial Information of the Arena FINCOs and Arena Investors**

Supplementary financial measures concerning the Arena FINCOs (as hereinafter defined) and Arena Investors (as hereinafter defined) (the "Arena Supplementary Financial Measures") contained in this MD&A are unaudited and have been derived from the audited consolidated financial statements of the Arena FINCOs and Arena Investors for the year ended December 31, 2022 and the unaudited consolidated financial statements of Arena FINCOs and Arena Investors for the three months ended March 31, 2023 and 2022, which have been prepared in accordance with either IFRS or US GAAP. Such statements are the responsibility of the management of the Arena FINCOs and Arena Investors. The Arena Supplementary Financial Measures, including any Arena FINCOs and Arena Investors non-GAAP measures contained therein, may not be reconciled to IFRS and so may not be comparable to the financial information of issuers that present their financial information in accordance with IFRS.

The Arena Supplementary Financial Measures should be read in conjunction with the Company's historical financial statements including the notes thereto and the related MD&A as well as the Company's other public filings.

The Arena Supplementary Financial Measures have been primarily provided by the management of the Arena FINCOs and Arena Investors. Although Westaim has no knowledge that would indicate that any of the Arena Supplementary Financial Measures contained herein are untrue or otherwise misleading, neither Westaim nor any of its directors or officers assumes any responsibility for the accuracy or completeness of such information, or for any failure by the Arena FINCOs and Arena Investors to disclose to Westaim events or facts which may have occurred or which may affect the significance or accuracy of any such financial information but which are unknown to Westaim.

Westaim disclaims and excludes all liability (to the extent permitted by law), for losses, claims, damages, demands, costs and expenses of whatever nature arising in any way out of or in connection with the Arena Supplementary Financial Measures, its accuracy, completeness or by reason of reliance by any person on any of it.

**Forward-Looking Information**

This MD&A may contain forward-looking statements that involve risks and uncertainties. The Company's actual results could differ materially from these forward-looking statements as a result of various factors, including those discussed hereinafter, and in the Company's Annual Information Form dated March 30, 2023 for its fiscal year ended December 31, 2022 which is available on SEDAR at [www.sedar.com](http://www.sedar.com). Please refer to Section 16, *Cautionary Note Regarding Forward-Looking Information* of this MD&A.

For additional information on the Company's corporate structure, see the Company's Annual Information Form dated March 30, 2023 for its fiscal year ended December 31, 2022 which is available on SEDAR at [www.sedar.com](http://www.sedar.com).

Skyward Specialty

The Company owns a significant ownership interest in Skyward Specialty (NASDAQ: SKWD), a U.S. based publicly traded diversified specialty property & casualty insurance holding company that underwrites select property, casualty, surety, and accident and health insurance coverages through its insurance and reinsurance subsidiaries. The Company's investment in Skyward Specialty is recorded under investments in the Company's interim consolidated financial statements. For additional information on Skyward Specialty, see Electronic Data Gathering, Analysis, and Retrieval ("EDGAR") filings at [www.sec.gov/edgar/search-and-access](http://www.sec.gov/edgar/search-and-access).

Arena FINCOs

The Arena FINCOs are private companies which include specialty finance companies that primarily purchase fundamentals-based, asset-oriented credit and other investments for their own account and a company that primarily facilitates the origination of fundamentals-based, asset-oriented credit investments for its own account and/or possible future sale to specialty finance companies, clients of Arena Investors and/or other third parties. Fundamentals-based, asset-oriented credit investments refer to loans or credit arrangements which are generally secured by assets. Fundamentals-based, asset-oriented lenders and investors manage their risk and exposure by carefully assessing the value of the assets securing the loan or investment, receiving periodic and frequent reports on collateral value and the status of those assets, and tracking the financial performance of borrowers. The Company's investments in the Arena FINCOs are recorded under investments in the Company's interim consolidated financial statements. Arena FINCOs refers to WOH, AFHC (as each is defined hereinafter) and each of their respective subsidiaries.

Arena Investors

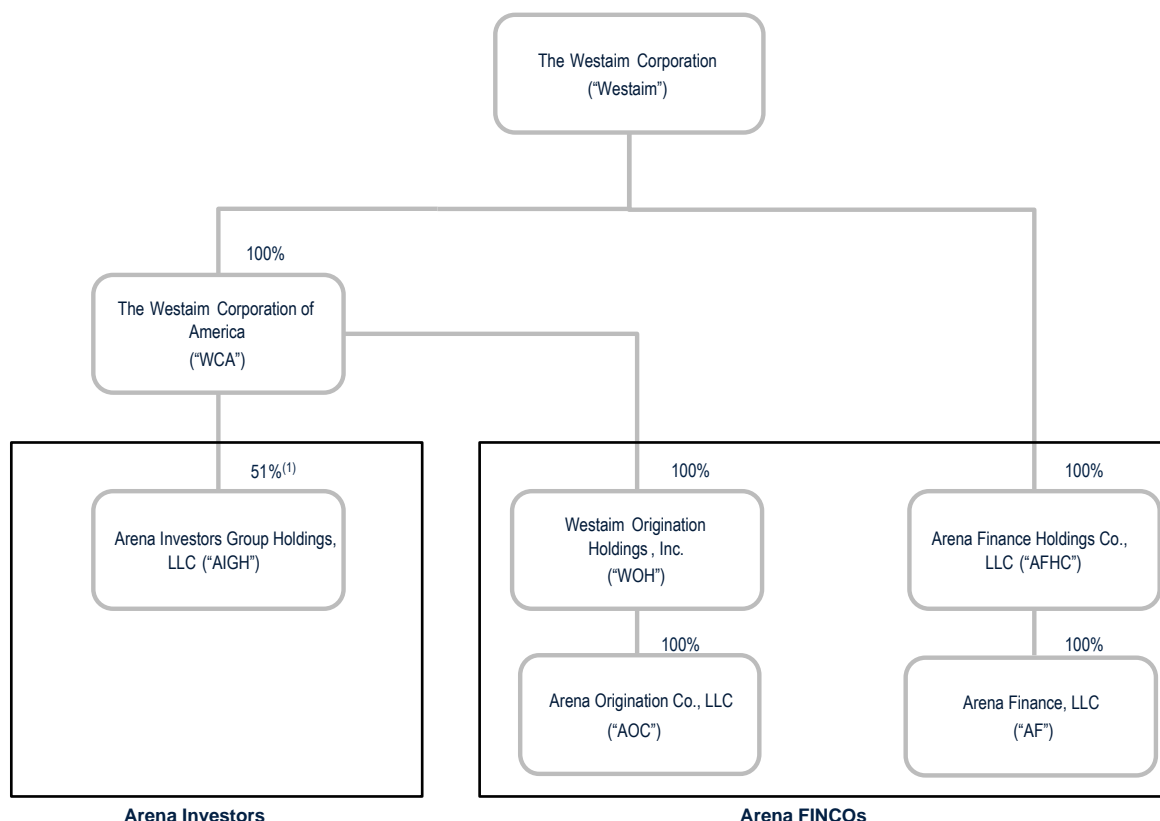

Arena Investors Group Holdings, LLC ("AIGH" or "Arena Investors"), a private company, through its wholly-owned subsidiaries and subsidiaries which AIGH has a controlling interest, operates as an investment manager offering clients access to fundamentals-based, asset-oriented credit and other investments. AIGH is the sole limited partner of Arena Investors, LP, a limited partnership established to carry on the third-party investment management business. The Company's investment in Arena Investors is accounted for using the equity method and consists of investments in corporations or limited partnerships where the Company has significant influence.

The Arena FINCOs invest in both debt and equity, hard assets and real estate owned investments, with an emphasis on debt instruments comprised of multiple investment strategies including, but not limited to, corporate private investments, real estate private investments, commercial & industrial assets, structured finance investments, consumer assets, and other securities. The Arena FINCOs do not have a target range of investment; the size of the loans and/or other credit investments acquired depends on, among other things, any diversity requirements which may be imposed by any lender as well as their own investment policy. In the absence of such requirements, the Arena FINCOs are not subject to concentration limitations but the management of the Arena FINCOs will use their best judgment as to what is prudent in the circumstances.

The Arena FINCOs seek to capitalize on opportunities in both private as well as public investments subject to approved investment policies. These investment strategies include:

**Corporate Private Investments**

Senior private corporate debt, bank debt, including, without limitation, secondary market bank debt, distressed debt such as senior secured bank debt before or during a Chapter 11 bankruptcy filing, corporate bonds, including, without limitation, bonds in liquidation or out-of-court exchange offers and trade claims of distressed companies in anticipation of a recapitalization, bridge loans/transition financing, debtor-in-possession ("DIP") financings, junior secured loans, junior capital to facilitate restructurings, equity co-investments or warrants alongside corporate loans.

**Real Estate Private Investments**

Real property, secured or unsecured mezzanine financings, DIP loans, "A-tranche" loans (senior secured loans) and "B-tranche" loans (junior secured loans) for real estate properties requiring near-term liquidity, structured letters of credit, real estate loans secured by office buildings, retail centres, hotels, land, single family homes, multi-family apartments, condominium towers, hospitality providers, health care service providers, and corporate campuses, leases and lease residuals.

**Structured Finance and Assets**

Commercial receivables, investments in entities (including, without limitation, start-up businesses) engaged, or to be engaged, in activities or investments such as distressed commercial and industrial loans, commercial and industrial assets such as small-scale asset-based loans, trade claims and vendor puts, specialized or other types of equipment leases and machinery, non-performing loans globally, hard assets (including, without limitation, airplanes and components, industrial machinery), commodities (physical and synthetic), reinsurance and premium finance within life and property casualty insurance businesses, legal-related finance including, without limitation, law firm loans, settled and appellate judgments and probate finance, royalties, trust certificates, intellectual property and other financial instruments that provide for the contractual or conditional payment of an obligation. Thinly traded or more illiquid loans and securities backed by mortgages (commercial and residential), other small loans including, without limitation, equipment leases, auto loans, commercial mortgage-backed securities, residential mortgage-backed securities, collateralized loan obligations, collateralized debt obligations, other structured credits and consumer-related assets, aviation and other leased asset securitizations, esoteric asset securitization, revenue interests, synthetics, and catastrophe bonds. Auto and title loans, credit cards, consumer installment loans, charged-off consumer obligations, consumer bills, consumer receivables, product-specific purchase finance, residential mortgages, tax liens, real estate owned homes, other consumer-related assets, retail purchase loans and unsecured consumer loans as well as distressed or charged-off obligations of all of these types, peer-to-peer originated loans of all types, manufactured housing, and municipal consumer obligations.

**3. INVESTMENTS (continued)**

**Corporate and Other Securities**

Illiquid positions in asset-backed securities, collateralized debt obligations, collateralized loan obligations, residential mortgage backed securities, commercial mortgage backed securities, other securitized bonds or non-bond tranches and liquid positions including, hedged and unhedged investments in public securities (including, without limitation, public real estate and special purpose acquisition companies ("SPACs")), preferred stock, common stock, municipal bonds, senior public corporate debt, other industry relative value, merger arbitrage in transactions such as mergers, hedged investments in regulated utilities, integrated utilities, merchant energy providers, acquisitions, tender offers, spin-offs, recapitalizations and Dutch auctions, limited partnership interests, interests in fund start-ups and investment managers, event-driven relative value equity investments in transactions such as corporate restructurings, strategic block, other clearly defined events, high-yield bonds, credit arbitrage and convertible bond arbitrage, in/post-bankruptcy equities, demutualizations, liquidations and litigation claims, real estate securities, business development companies, master limited partnership interests, royalty trusts, publicly traded partnerships, options and other equity derivatives.

Before acquiring or originating any such loans or other investments, the Arena FINCOs review the nature of the loan, the creditworthiness of the borrower, the nature and extent of any collateral and the expected return on such loan or investment. The Arena FINCOs originate and/or acquire such loans or investments based on their assessment of the fair market value of the investment at the time of purchase.

The primary revenue of the Arena FINCOs consists of interest income, dividend income and/or investment-related fees earned on the investments that it originates or acquires. The operating results of the Arena FINCOs also include gains (losses) on their investments.

(i) Accounting for the Arena FINCOs

The Company's investment in the Arena FINCOs is accounted for at FVTPL. Using net asset value as the primary valuation technique, management determined that 1.0x the book value, or 100% of the shareholder's equity of the Arena FINCOs at March 31, 2023, in the amount of \$153.0 approximated the fair value of the Company's investments in the Arena FINCOs. See Note 4, *Investments in the Arena FINCOs* in the Notes to the Financial Statements.

The fair value of the Company's investment in the Arena FINCOs was determined to be \$153.0 and \$160.1 at March 31, 2023 and December 31, 2022, respectively.

The Company recorded a decrease in the unrealized value of its investments in the Arena FINCOs of \$4.6, which was a decrease of \$2.7 before dividends paid to the Company of \$1.9 in the three months ended March 31, 2023, and an increase in the unrealized value of its investments in the Arena FINCOs of \$0.1, which was an increase of \$2.6 before dividends paid to the Company of \$2.5 in the three months ended March 31, 2022. In addition, the Arena FINCOs returned capital in the amount of \$2.5 in the three months ended March 31, 2023. There was no capital returned to the Company in the three months ended March 31, 2022.

(ii) Arena FINCOs Supplementary Financial Measures for the three months ended March 31, 2023 and 2022

The Company considers certain financial results of the Arena FINCOs to be important measures in assessing the Company's financial position and performance, in particular, the net assets which can be invested to generate investment income, and operating expenses. Supplementary Financial Measures related to the Arena FINCOs set out below is unaudited and has been derived from the unaudited financial statements of WOH, AFHC, AOC and the consolidated financial statements of AF and its subsidiaries for the three months ended March 31, 2023 and 2022 and the audited financial statements of AOC, AF and its subsidiaries for the year ended December 31, 2022, which have been prepared in accordance with IFRS or US GAAP. AOC financial statements and AF consolidated financial statements are the responsibility of the management of the Arena FINCOs. Readers are cautioned that the financial information has not been reconciled to IFRS and so may not be comparable to the financial information of issuers that present their financial information in accordance with IFRS.

Revolving credit facility payable	(13.6)	(2.6)
Net assets of the Arena FINCOs	\$ 153.0	\$ 160.1

Due from brokers consists of cash balances as well as net amounts due from brokers for unsettled securities transactions. Investment securities are net of short positions. In the normal course of the Arena FINCOs' operations, the Arena FINCOs enter into US\$ currency hedges to reduce its non-US\$ currency exposure.

Arena Finance II LLC ("AFII"), one of the Arena FINCOs, has a private placement of \$45.0 of 6.75% senior secured notes payable to improve net returns by leveraging invested assets. AFII incurred issuance costs relating to the notes of \$1.7 which is recorded as a discount to the net proceeds received and is amortized over the life of the notes. The net proceeds received from these notes are being used by the Arena FINCOs in accordance with its investment objectives.

AFII has a revolving credit facility with third party lenders with a commitment amount of \$25.0 expiring on September 30, 2023. Unpaid principal amounts under the revolving credit facility will bear interest at the 3-month London Interbank Offered Rate ("LIBOR") plus 2.8%. Additionally, an unused facility fee accrues at a rate of 0.50% per annum and is payable monthly in arrears. At March 31, 2023 and December 31, 2022, there were draws of \$13.6 and \$2.6 outstanding, respectively. The loan is secured by AFII's equity interests in its subsidiaries, carries a parental guarantee from AF, and ranks senior to AFII's senior secured notes payable. The net proceeds received under the revolving credit facility are intended to be used as working capital and liquidity support in lieu of maintaining cash reserves and therefore are expected to keep AFII's equity and term debt capital fully invested.

For additional information on the investments of the Arena FINCOs, see Section 14, *Additional Arena FINCOs Investment Schedules* of this MD&A.

Arena Investors operates as an investment manager offering third-party clients access to fundamentals-based, asset-oriented credit and other investments that aim to deliver attractive yields with low volatility. Arena Investors provides investment services to third-party clients consisting of but not limited to institutional clients, insurance companies, private investment funds and other pooled investment vehicles.

Arena Investors generates revenues primarily from Management Fees, Incentive Fees and Asset Servicing Fees. "Management Fees" are the fees calculated on Arena Investors' various segregated client accounts and private pooled investment vehicles. Management Fees for separately managed and proprietary accounts are pro-rated on mid-month accounts and may be based on a percentage of the fair value of invested capital for the account during the ramp-up phase. "Incentive Fees" are the fees calculated as a percentage of net profits earned by Arena Investors as of the end of each accounting period or applicable withdrawal date related to client accounts subject to a "high water mark" and loss carryforward provisions for each measurement date. "Asset Servicing Fees" are the fees earned in connection with the management and servicing of the illiquid portion of clients' investment portfolios.

At March 31, 2023, Arena Investors had committed assets under management ("AUM") of approximately \$3.3 billion (December 31, 2022: \$3.5 billion). AUM refers to the assets for which Arena Investors provides investment management, advisory or certain other investment-related services. AUM is generally based on the net asset value of the funds managed by Arena Investors plus any unfunded commitments. Arena Investors' calculation of AUM may differ from the calculations of other asset managers, and as a result, may not be comparable to similar measures presented by other asset managers. Arena Investors' calculations of AUM are not based on any definition set forth in the governing documents of the investment funds and are not calculated pursuant to any regulatory definitions. At March 31, 2023, AUM included the net assets of the Arena FINCOs and the Company's investment in ASOF LP of approximately \$156 (December 31, 2022: \$163).

(i) Rights Granted to BP LLC

On August 31, 2015, agreements were entered into between the Company and BP LLC in respect of AIGH (the "Associate Agreements"). The Associate Agreements set forth the members' respective rights and obligations, as well as BP LLC's right to participate in distributions of the capital and profit of the associates. BP LLC's initial profit sharing percentage was 49%, and under the Associate Agreements, BP LLC has the right to earn-in up to 75% equity ownership percentage in the associates and to thereby share up to 75% of the profit of the associates based on achieving certain AUM and cash flow (measured by the margin of trailing twelve months earnings before interest, income taxes, depreciation and amortization ("EBITDA") to trailing twelve month revenues) thresholds in accordance with the AIGH Associate Agreement. At April 1, 2022, under the Associate Agreements, BP LLC achieved the threshold to increase its equity ownership of Arena Investors from 0% to 49%. At March 31, 2023, the Company's equity ownership and profit sharing percentage of Arena Investors is 51%. At March 31, 2022, the thresholds in accordance with the Associate Agreements had not been met, therefore the Company's equity ownership of Arena Investors was 100% and its profit sharing percentage was 51%.

(ii) Accounting for Arena Investors

The Company has a revolving loan to Arena Investors (the "Arena Investors' Revolving Loan") with a limit of \$35 at March 31, 2023 (December 31, 2022 - \$35) in order to continue funding growth initiatives and working capital needs of Arena Investors. The loan facility matures on March 31, 2025 and bears an interest rate of 5.60% per annum through to March 31, 2023 and increases to 7.25% per annum on April 1, 2023. Arena Investors had drawn down the loan facility by \$24 at March 31, 2023 (December 31, 2022 - \$24). The loan facility is secured by all the assets of Arena Investors.

The Company's investment in Arena Investors is accounted for using the equity method. The carrying amount of the Company's investment in Arena Investors was \$27.9 and \$26.9 at March 31, 2023 and December 31, 2022, respectively. The Company's 51% share of Arena Investors' profit and comprehensive profit that amounted to \$1.0 and \$4.8 for the three months ended March 31, 2023 and 2022, respectively, was reported under "Net results of investments" in the interim consolidated statements of profit and comprehensive income.

**3. INVESTMENTS (continued)**

**D. INVESTMENT IN ASOF LP**

The Company's investment in ASOF LP, a fund managed by Arena Investors, with a fair value of \$3.1 and \$3.2 at March 31, 2023 and December 31, 2022, respectively, is included under investments in the interim consolidated statements of financial position. The Company's decrease in unrealized value on its investment in ASOF LP was \$0.1 and an increase of \$0.2 in the three months ended March 31, 2023 and 2022, respectively.

**4. FINANCING**

Preferred Securities

On June 2, 2017, the Company closed the sale to certain affiliates of Fairfax Financial Holdings Limited (collectively referred to as "Fairfax") of 5,000,000 Preferred Securities for C\$50 million. The Preferred Securities are repayable on demand upon a change of control of Westaim and the liability is recorded at the principal amount in the interim consolidated statements of financial position. The C\$ principal amount of the Preferred Securities was converted to US\$ at the period end exchange rate, resulting in a carrying amount of the Preferred Securities at March 31, 2023 of \$36.9 (December 31, 2022 - \$36.9). See Note 6, *Preferred Securities* in the Notes to the Financial Statements.

Canadian Dollar Currency Forward Contracts

At March 31, 2023, the Company had a 92 day C\$ exchange forward contract to purchase C\$50 million maturing on June 28, 2023. During the three months ended March 31, 2023, the Company settled a C\$ exchange forward contract to purchase C\$50 million and incurred a realized foreign exchange loss of \$1.0. During the three months ended March 31, 2022, the Company entered into, but did not settle, a C\$ exchange forward contract to purchase C\$50 million which resulted in \$nil realized foreign exchange gain or loss. The realized foreign exchange loss from the forward contracts was offset by other realized and unrealized C\$ currency net gains on the Company's underlying C\$ currency assets and liabilities, including the currency exposure arising from the Preferred Securities, which resulted in a net unrealized and realized foreign exchange loss of \$0.4 and a nominal amount in the three months ended March 31, 2023 and 2022, respectively. See Note 7, *C\$ Exchange Forward Contracts* in the Notes to the Financial Statements. The Company has not designated these Canadian dollar currency forward contracts as accounting hedges.

Derivative Warrant Liability

In conjunction with the purchase by Fairfax of C\$50 million in Preferred Securities on June 2, 2017, Westaim issued to Fairfax 14,285,715 warrants to purchase Common Shares (the "Warrants") at a strike price of C\$3.50, with all of the Warrants having vested on June 2, 2017. The Warrants are subject to a cashless exercise at the discretion of Fairfax and are classified as a derivative liability and measured at FVTPL. At March 31, 2023, a liability of \$0.1 (December 31, 2022 - \$0.1) representing the estimated fair value of the vested Warrants had been accrued in the interim consolidated statements of financial position. See Note 8, *Derivative Warrant Liability* in the Notes to the Financial Statements.

**6. ANALYSIS OF FINANCIAL POSITION (continued)**

*Accumulated Other Comprehensive Loss*

Accumulated other comprehensive loss of \$2.2 at March 31, 2023 and December 31, 2022 was comprised of the cumulative exchange differences from currency translation as a result of a change in presentation currency from the C\$ to the US\$ on August 31, 2015.

*Retained Earnings*

The increase in the retained earnings to \$63.5 at March 3, 2023 from a deficit of \$30.9 at December 31, 2022 is due to the profit and comprehensive income for the three months ended March 31, 2023.

**7. OUTLOOK**

With the Arena Investors' platform largely built (product suite, geographies, IT systems, investment capability), its 100+ professionals are poised to deploy committed capital and demonstrate operating leverage to grow its earnings.

Generally, the US property and casualty insurance market has shifted to a cycle of increasing insurance rates and improved underwriting terms. Skyward Specialty is well positioned to take advantage of the continued hard insurance market and accelerate its profitable growth and return on equity. Skyward Specialty continues to acquire additional key talent, executes on underwriting actions to optimize its product mix, maintains protection under an LPT agreement signed in 2020 that helps minimize the impact of prior years' claims development and effectively manages its investment portfolio to result in improved investment returns. Skyward Specialty has an AM Best rating "A-" with a Stable Outlook. Skyward Specialty's objective is to build a top quartile property and casualty specialty publicly traded insurer trading at or above peer multiples of book value.

The Company is continuing to seek additional investment opportunities to create shareholder value through partnering with other aligned and experienced management teams to build profitable businesses that generate attractive returns to the Company's shareholders over the long term.

**8. LIQUIDITY AND CAPITAL RESOURCES**

Capital Management Objectives

The Company's capital currently consists of Preferred Securities and common shareholders' equity.

The Company's guiding principles for capital management are to maintain the stability and safety of the Company's capital for its stakeholders through an appropriate capital mix and a strong balance sheet.

The Company monitors the mix and adequacy of its capital on a continuous basis. The Company employs internal metrics. The capital of the Company is not subject to any restrictions. Units of the HIIG Partnership cannot be issued without the prior approval of the unitholders and, in connection with any such issuance, the holders of units have pre-emptive rights entitling them to purchase their pro rata share of any units that may be so issued.

Share Capital

Westaim's authorized share capital consists of an unlimited number of Common Shares, Class A preferred shares and Class B preferred shares.

At March 31, 2023, Westaim had 141,386,718 Common Shares outstanding (December 31, 2022 – 141,386,718), with a stated capital of \$378.6 (December 31, 2022 - \$378.6).

There were no Class A or Class B preferred shares outstanding at March 31, 2023 or December 31, 2022. See Note 10, *Share Capital* in the Notes to the Financial Statements.

Dividends

No dividends were paid by the Company in the three months ended March 31, 2023 and 2022 or the year ended December 31, 2022.

Share-based Compensation Plans

Westaim's long-term equity incentive plan (the "Incentive Plan") provides for grants of RSUs, DSUs, stock appreciation rights and other share-based awards. Westaim also has a stand-alone incentive stock option plan (the "Option Plan").

The Option Plan is a "rolling plan" which provides, subject to the terms of the Option Plan, the aggregate number of Common Shares which may be reserved for issuance thereunder is limited to not more than 10% of the aggregate number of Common Shares outstanding. However, each of the Incentive Plan and the Option Plan provide that, subject to the terms of the plan, the number of Common Shares issuable under such plan, together with all other security-based compensation arrangements of Westaim, shall not exceed 10% of the aggregate number of Common Shares outstanding. As the DSUs are settled solely in cash, they are not included in this 10% limitation.

Westaim had 10,376,895 stock options outstanding at March 31, 2023 (December 31, 2022 - 10,428,337 stock options outstanding) at strike prices ranging from C\$3.00 to C\$3.25.

Westaim had 3,455,198 RSUs outstanding at March 31, 2023 (December 31, 2022 - 2,975,198 RSUs). The RSUs, at the election of the holder, can be settled in Common Shares or cash based on the prevailing market price of the Common Shares on the settlement date. There were no RSUs exercised in the three months ended March 2023 and 2022.

At March 31, 2023, 1,411,940 DSUs were vested and outstanding (December 31, 2022 - 1,355,133 DSUs). DSUs are issued to certain directors in lieu of director fees, at their election, at the market value of Common Shares at the date of grant.

With respect to the DSUs that are outstanding, they are paid out solely in cash no later than the end of the calendar year following the year the participant ceases to be a director. In the three months ended March 31, 2023 and 2022, no DSUs were redeemed by the Company.

At March 31, 2023, accounts payable and accrued liabilities included amounts related to outstanding RSUs of \$6.6 (December 31, 2022 - \$5.8) and outstanding DSUs of \$3.1 (December 31, 2022 - \$2.6).

See Note 11, *Share-based Compensation* in the Notes to the Financial Statements.

The Company's investment guidelines stress preservation of capital and market liquidity to support payment of liabilities. The matching of the duration of financial assets and liabilities is monitored with a view to ensuring that all obligations will be met.

**9. RELATED PARTY TRANSACTIONS**

Related parties include key management personnel and directors, close family members of key management personnel and entities which are, directly or indirectly, controlled by, jointly controlled by or significantly influenced by key management personnel or their close family members. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, and include executive officers and directors of the Company.

See Note 12, *Related Party Transactions* in the Notes to the Financial Statements.

**10. CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS**

Preparation of the financial statements in conformity with IFRS requires management to make estimates and assumptions, some of which relate to matters that are uncertain. As more information becomes known, these estimates and assumptions could change and thus have a material impact on the Company's financial condition and results of operations in the future. The Company has established detailed policies and control procedures that are intended to ensure that management's judgments and estimates are well controlled, independently reviewed and consistently applied from period to period. Management believes that its estimates for determining the valuation of the Company's assets and liabilities are appropriate.

Management used the trading price of the publicly traded shares at the close of the reporting period as the primary valuation technique in determining the fair value of the Company's investment in Skyward Specialty and net asset value as the primary valuation technique in determining the fair value of the Company's investment in the Arena FINCOs and ASOF LP at March 31, 2023. Management determined that these valuation techniques produced the best indicator of the fair value of the Company's investments measured at FVTPL at March 31, 2023. The significant unobservable inputs used in the valuation of the Arena FINCOs at March 31, 2023 was the equity of the entities at March 31, 2023 and the multiple applied to net assets of the Arena FINCOs. For a detailed description of the valuation of the Company's investments in private entities, see Note 4, *Investments* in the Notes to the Financial Statements. Due to the inherent uncertainty of valuation, management's estimated values may differ significantly from the values that would have been used had an active market for the investment existed, and the differences could be material.

Other key estimates include the Company's fair value of share-based compensation and unrecognized deferred tax assets. Details of these items are disclosed in Note 11 and Note 13, respectively, to the Company's unaudited interim consolidated financial statements for the three months ended March 31, 2023 and 2022.

**11. CRITICAL ACCOUNTING POLICIES AND RECENTLY ADOPTED AND PENDING ACCOUNTING PRONOUNCEMENTS**

A description of the Company's accounting policies is disclosed in Note 2, *Summary of Significant Accounting Policies* in the Notes to the Financial Statements.

At March 31, 2023, there were no new pronouncements that impacted the Company.

The Company's quarterly financial results do not follow any special trends and are not generally subject to seasonal variation but are instead impacted by general market and economic conditions, regulatory risks and foreign exchange fluctuations. In addition, the value of the derivative warrant liability and share-based compensation are impacted by fluctuations in the trading price of the Company's shares, discount rates, and foreign exchange fluctuations.

**13. RISKS**

The Company is subject to a number of risks which could affect its business, prospects, financial condition, results of operations and cash flows, including risks relating to lack of significant revenues, regulatory risks, foreign exchange risks and risks relating to the businesses of Skyward Specialty, the Arena FINCOs and Arena Investors. A detailed description of the risk factors associated with the Company and its business is contained in the Company's Annual Information Form dated March 30, 2023 for its fiscal year ended December 31, 2022 which is available on SEDAR at [www.sedar.com](http://www.sedar.com).

Details of the Loan and Private Asset positions of the Arena FINCOs are as follows:

---

**Details of Loan and Private Asset Positions (continued)**

**March 31, 2023**

- <sup>1</sup> Principal represents the total funding commitment of a loan which, if applicable, is inclusive of any unfunded portion of the commitment at the end of the reporting period. Where a loan is issued at a discount, the cost amount includes the accreted discount as of the end of the reporting period. A loan may also be acquired at a cost lower than the par value of the principal outstanding.
- <sup>2</sup> Some investments bear interest at a rate that may be determined by reference to LIBOR or Prime which reset daily, monthly, quarterly, or semi-annually and may be subject to a floor. For each, the Company has provided the current contractual interest rate in effect at March 31, 2023. Interest rates listed are inclusive of PIK, where applicable. PIK is interest paid in kind through an increase in the principal amount of the loan. The internal rate of return for many investments is generally greater than or equal to the total coupon (additional yield resulting from original issue discounts and/or some form of profit sharing, e.g. warrants). In the event that the internal rate of return on the investment is less than the stated rate, the lower rate is noted.
- <sup>3</sup> Loan to value ("LTV") represents the value of the outstanding loan as a percentage of the estimated fair value of the underlying collateral as of March 31, 2023.
- <sup>4</sup> Investment is not a loan. Metric is not applicable.
- <sup>5</sup> Denotes subordinate position within the structure.
- <sup>6</sup> Interest not accrued on loans purchased as non-performing.
- <sup>7</sup> Investment represents a credit pool purchase with no stated interest rate.
- <sup>8</sup> Investment is a maturity default past its maturity date and has an uncertain holding period as of March 31, 2023.
- <sup>9</sup> Investment represents owned real estate. Metric is not available.
- <sup>10</sup> Investment represents an unsecured credit pool purchase with no stated interest rate.
- <sup>11</sup> This investment represents a claim against proceeds subject to a litigation result whereby the FINCOs are not accruing interest.
- <sup>12</sup> Investment with no stated coupon rate.
- <sup>13</sup> Investment is a preferred equity investment.
- <sup>14</sup> Investment is an equity interest in an operating company. Stated coupon and LTV are not applicable.
- <sup>15</sup> Investment is a warrant to purchase an equity interest in an operating company. Stated coupon and LTV are not applicable.
- <sup>16</sup> Investment is in maturity default where the Company and its partners acquired the borrower in bankruptcy. LTV is not applicable.

Details of the Loan and Private Asset positions of the Arena FINCOs are as follows:

---

**Details of Loan and Private Asset Positions (continued)**

**December 31, 2022**

- <sup>1</sup> Principal represents the total funding commitment of a loan which, if applicable, is inclusive of any unfunded portion of the commitment at the end of the reporting period. Where a loan is issued at a discount, the cost amount includes the accreted discount as of the end of the reporting period. A loan may also be acquired at a cost lower than the par value of the principal outstanding.
- <sup>2</sup> Some investments bear interest at a rate that may be determined by reference to LIBOR or Prime which reset daily, monthly, quarterly, or semi-annually and may be subject to a floor. For each, the Company has provided the current contractual interest rate in effect at December 31, 2022. Interest rates listed are inclusive of PIK, where applicable. PIK is interest paid in kind through an increase in the principal amount of the loan. The internal rate of return for many investments is generally greater than or equal to the total coupon (additional yield resulting from original issue discounts and/or some form of profit sharing, e.g. warrants). In the event that the internal rate of return on the investment is less than the stated rate, the lower rate is noted.
- <sup>3</sup> Loan to value ("LTV") represents the value of the outstanding loan as a percentage of the estimated fair value of the underlying collateral as of December 31, 2022.
- <sup>4</sup> Investment is not a loan. Metric is not applicable.
- <sup>5</sup> Denotes subordinate position within the structure.
- <sup>6</sup> Interest not accrued on loans purchased as non-performing.
- <sup>7</sup> Investment represents a credit pool purchase with no stated interest rate.
- <sup>8</sup> Investment is a maturity default past its maturity date and has an uncertain holding period as of December 31, 2022.
- <sup>9</sup> Investment represents owned real estate. Metric is not available.
- <sup>10</sup> Investment represents an unsecured credit pool purchase with no stated interest rate.
- <sup>11</sup> This investment represents a claim against proceeds subject to a litigation result whereby the FINCOs are not accruing interest.
- <sup>12</sup> Investment with no stated coupon rate.
- <sup>13</sup> Investment is a preferred equity investment.
- <sup>14</sup> Investment is an equity interest in an operating company. Stated coupon and LTV are not applicable.
- <sup>15</sup> Investment is a warrant to purchase an equity interest in an operating company. Stated coupon and LTV are not applicable.
- <sup>16</sup> Investment is in maturity default where the Company and its partners acquired the borrower in bankruptcy. LTV is not applicable.

**15. NON-GAAP MEASURES**

(a) Book value per share

Book value per share is computed as book value divided by the adjusted number of Common Shares. The table below provides the reconciliation of the Company's shareholders' equity at the end of the period, determined on an IFRS basis, to book value, and the number of Common Shares outstanding at the end of the period to the adjusted number of Common Shares:

	March 31, 2023	December 31, 2022	March 31, 2022
Book value:			
Shareholders' equity per IFRS	\$ 457.7	\$ 363.2	\$ 351.2
Adjustments:			
RSU liability <sup>1</sup>	6.6	5.8	5.6
Derivative warrant liability <sup>2</sup>	0.1	0.1	0.1
	<u>\$ 464.4</u>	<u>\$ 369.1</u>	<u>\$ 356.9</u>
Number of Common Shares:			
Number of Common Shares outstanding	141,386,718	141,386,718	142,686,718
Adjustments for assumed exercise of:			
Outstanding RSUs <sup>1</sup>	3,455,198	2,975,198	2,975,198
Adjusted number of Common Shares <sup>3</sup>	<u>144,841,916</u>	<u>144,361,916</u>	<u>145,661,916</u>
Book value per share - in US\$	\$ 3.21	\$ 2.56	\$ 2.45
Book value per share - in C\$ <sup>4</sup>	\$ 4.34	\$ 3.46	\$ 3.06
Westaim TSXV closing share price - in C\$	\$ 2.95	\$ 2.63	\$ 2.36

<sup>1</sup> See Note 11, *Share-based Compensation* in the Notes to the Financial Statements. Liability related to RSUs converted from C\$ to US\$ at period end exchange rates. RSUs are exercisable for Common Shares or cash at no cost to the holders. Adjustment made to reflect a reclassification of the RSU liability to shareholders' equity assuming all outstanding RSUs were exercised for Common Shares.

<sup>2</sup> See Note 8, *Derivative Warrant Liability* in the Notes to the Financial Statements. Derivative warrant liability converted from C\$ to US\$ at period end exchange rates. Adjustment made as the non-cash fair value change in the derivative warrant liability from period to period is not indicative of the change in the intrinsic value of the Company. Vested Warrants were not included in the adjusted number of Common Shares as none of them were in-the-money at March 31, 2023, December 31, 2022 and March 31, 2022.

<sup>3</sup> See Note 11, *Share-based Compensation* in the Notes to the Financial Statements. No adjustments were made for options at March 31, 2023, December 31, 2022 and March 31, 2022 since they were not in-the-money. The exercise of in-the-money options would have resulted in an infusion of capital to the Company.

<sup>4</sup> Book value per share converted from US\$ to C\$ at period end exchange rates. Period end exchange rates: 1.35295 at March 31, 2023, 1.35360 at December 31, 2022 and 1.24820 at March 31, 2022.

(b) Net returns on the Arena FINCOs investment portfolios

Net Return on the Arena FINCOs investment portfolios is the aggregate of investment income, net of gains (losses) on investments less interest expense, management, asset servicing and incentive fees, and other operating expenses of the Arena FINCOs divided by average carrying values for the Arena FINCOs, for the period.

**16. CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION**

Certain portions of this MD&A, as well as other public statements by the Company, contain forward-looking statements information which reflect the current expectations of management regarding the Company's future growth, results of operations, performance and business prospects and opportunities. In particular, the words "strategy", "may", "will", "continue", "developed", "objective", "potential", "exploring", "could", "expect", "expected", "expects", "tends", "indicates", and words and expressions of similar import, are intended to identify forward-looking statements. Such forward-looking statements include but are not limited to statements concerning: strategies, alternatives and objectives to maximize value for shareholders; expectations and assumptions relating to the Company's business plan; expectations and assumptions relating to the business and operations of Skyward Specialty, the Arena FINCOs and Arena Investors; expectations regarding the Company's assets and liabilities; the Company's ability to retain key employees; management's belief that its estimates for determining the valuation of the Company's assets and liabilities are appropriate; the Company's views regarding potential future remediation costs; the effect of changes to interpretations of tax legislation on income tax provisions in future periods; and the Company's determination that the adoption of new accounting standards will not have a material impact on its consolidated financial statements.

These statements are based on current expectations that are subject to risks, uncertainties and assumptions and the Company can give no assurance that these expectations are correct.

The Company's actual results or financial position could differ materially from those anticipated by these forward-looking statements for various reasons generally beyond the Company's control, including, without limitation, the following factors: risks inherent in acquisitions generally; fluctuations in the United States dollar to Canadian dollar exchange rate; the Company's cash flow; future sales of a substantial number of the Common Shares; the Company's ability to raise additional capital; regulatory requirements may delay or deter a change in control of the Company; the potential treatment of the Company as a passive foreign investment company for U.S. federal income tax purposes; market turmoil, risk of volatile markets and market disruption risk; exposure to epidemics; Company employee error or misconduct; the Company's cybersecurity; Skyward Specialty's ability to accurately assess underwriting risk; the effect of intense competition and/or industry consolidation on Skyward Specialty's business; Skyward Specialty's reliance on brokers and third parties to sell its products to clients; Skyward Specialty's ability to alleviate risk through reinsurance; Skyward Specialty's reserves may prove to be inadequate; Skyward Specialty's ability to maintain its financial strength and issuer credit ratings; the occurrence of catastrophic events including terrorist attacks and weather related natural disasters on Skyward Specialty's business; the cyclical nature of the property and casualty insurance industry on Skyward Specialty's business; the effects of emerging claim and coverage issues on Skyward Specialty's business; the effect of government regulations designed to protect policyholders and creditors rather than investors; the effect of climate change on the risks that Skyward Specialty insures; the effect of retentions in various lines of business; dependence by Skyward Specialty on key employees; the effect of litigation and regulatory actions; Skyward Specialty's ability to successfully manage credit risk (including credit risk related to the financial health of reinsurers); unfavourable capital market developments or other factors which may affect the investments of Skyward Specialty (including meeting liquidity requirements); Skyward Specialty's ability to manage growth effectively; Skyward Specialty's ability to obtain additional capital; Skyward Specialty's ability to receive dividends from its subsidiaries; Skyward Specialty employee error or misconduct; Skyward Specialty's reliance on information technology and telecommunications systems; dependence by Skyward Specialty on certain third party service providers and program administrators; Skyward Specialty's policies will be enforceable in the manner it intends; Skyward Specialty receiving reimbursement for claims by reinsurers on a timely basis; Skyward Specialty's ability to pay claims accurately and timely; Skyward Specialty's reliance on renewal of existing insurance contracts; the effect of environmental, social and governance matters on Skyward Specialty's business; the effect of any changes in accounting practices and future pronouncements on Skyward Specialty's business; the effect of additional legislation or market regulation enacted by the U.S. federal government on Skyward Specialty's business; Skyward Specialty's ability to utilize net operating loss carryforwards and certain other tax attributes; the effect of change of control requirements under Texas insurance laws and regulations on Skyward Specialty's ability to successfully pursue its acquisition strategy; the effect of Skyward Specialty's debt obligations and other financial obligations on its business; Skyward Specialty's reliance on its intellectual property rights; Skyward Specialty not infringing the intellectual property rights of others; increased costs of Skyward Specialty being a public company; material weaknesses identified in Skyward Specialty's internal control over financial reporting; Skyward Specialty's reduced reporting and disclosure obligations as an emerging growth company; the volatility or decline in Skyward Specialty's stock price and operating results; substantial future sales of shares of Skyward Specialty's common stock or the perception thereof; changes in Skyward Specialty's underwriting guidelines or strategy without stockholder approval; anti-takeover provisions in Skyward Specialty's organizational documents; the Court of Chancery of the State of Delaware has the exclusive forum for substantially all Skyward Specialty disputes; the condition of the global financial markets and economic and geopolitical conditions affecting Arena's business; the variable nature of Arena Investors' revenues, results of operations and cash flows; the effect of rapid changes and growth in AUM on Arena Investors; Arena Investors' ability to mitigate operational and due diligence risks; the subjective nature of the valuation of the Arena FINCOs' investments; Arena Investors' ability to mitigate regulatory and other legal risks; Arena Investors' ability to find appropriate investment opportunities; Arena Investors' ability to successfully navigate and secure compliance with regulations applicable to it and its business; Arena Investors' ability to mitigate private litigation risks; Arena Investors' ability to manage conflicts of interest; the effects of a decrease in revenues as a result of significant redemptions in AUM on Arena Investors' business; the investment performance of Arena Investors; Arena Investors investment in illiquid investments; Arena Investors' ability to retain qualified management staff; Arena Investors' ability to mitigate the risk of employee misconduct and employee error; the effect of the COVID-19 pandemic on Arena's business; effect of market conditions on the Arena FINCOs; Arena Investors' ability to implement effective risk management systems; the performance of the investments of the Arena FINCOs; the Arena FINCOs' investment in illiquid investments; Arena Investors' ability to manage risks related to its risk management procedures; Arena Investors' ability to compete against current and potential future competitors; Arena's ability to finance borrowers in a variety of industries; dependence by the Arena FINCOs on the creditworthiness of borrowers; the ability of the Arena

**1 Nature of Operations**

The Westaim Corporation ("Westaim") was incorporated on May 7, 1996 by articles of incorporation under the Business Corporations Act (Alberta). Westaim's head office is located at Suite 1700, 70 York Street, Toronto, Ontario, Canada. These interim consolidated financial statements were authorized for issue by the Board of Directors of Westaim on May 16, 2023.

These interim consolidated financial statements include the accounts of Westaim and its wholly owned subsidiaries, Westaim HIIG GP Inc. ("HIIG GP"), Arena Finance Company II Inc. ("AFCII") and The Westaim Corporation of America ("WCA") and are collectively referred to as the "Company".

Westaim is a Canadian investment company specializing in providing long-term capital to businesses operating primarily within the global financial services industry. The Company's principal investments consist of Skyward Specialty Insurance Group Inc. ("Skyward Specialty") (as defined in note 4), Arena FINCOs (as defined in note 4) and Arena Investors (as defined in note 4). Westaim's common shares ("Common Shares") are listed and posted for trading on the TSX Venture Exchange (the "TSXV") under the symbol "WED".

All currency amounts are expressed in thousands of United States dollars ("US\$"), the functional and presentation currency of the Company, except per share data, unless otherwise indicated.

**2 Summary of Significant Accounting Policies**

The significant accounting policies used to prepare these interim consolidated financial statements are as follows:

*(a) Basis of preparation*

These interim consolidated financial statements are prepared in compliance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting".

The financial statements of entities controlled by Westaim which provide investment-related services are consolidated. These entities consist of its wholly owned subsidiaries, HIIG GP, AFCII and WCA. The financial results of these entities are included in the interim consolidated financial statements from the date that control commences until the date that control ceases. The Company controls an entity when the Company has power over the entity, is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Assessment of control is based on the substance of the relationship between the Company and the entity and includes consideration of both existing voting rights and, if applicable, potential voting rights that are currently exercisable or convertible. Intercompany balances and transactions are eliminated upon consolidation.

The Company meets the definition of an investment entity under IFRS 10 "*Consolidated Financial Statements*" ("IFRS 10") and measures its investments in relevant subsidiaries at fair value through profit or loss ("FVTPL"), instead of consolidating those subsidiaries in its interim consolidated financial statements. Investments accounted for at FVTPL consist of Skyward Specialty (including Westaim HIIG Limited Partnership (the "HIIG Partnership")), the Arena FINCOs and Arena Special Opportunities Fund, LP ("ASOF LP"). See note 4 for investments' definitions.

Investment in associates are accounted for using the equity method in accordance with IAS 28 "*Investments in Associates and Joint Ventures*" ("IAS 28") and consists of investments in corporations or limited partnerships where the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over these policies. The Company's investment in associates consist of its investment in Arena Investors and is reported under "Investment in Arena Investors" in the interim consolidated statements of financial position, with the Company's share of profit and comprehensive income of Arena Investors reported under "Net results of investments" in the interim consolidated statements of profit and comprehensive income.

*(b) Functional and presentation currency*

The US\$ is the functional and presentation currency of the Company. IAS 21 "*The Effects of Changes in Foreign Exchange Rates*" describes functional currency as the currency of the primary economic environment in which an entity operates. A significant majority of the Company's revenues and costs are earned and incurred in US\$, respectively.

*(c) Use of estimates*

The preparation of financial statements requires management to make estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and changes in estimates are recorded in the reporting period in which they are determined. Key estimates include the fair value of investments classified as FVTPL, fair value of share-based compensation, fair value of derivative warrant liability, and unrecognized deferred tax assets and liabilities.

**2 Summary of Significant Accounting Policies (continued)**

*(d) Judgments made by management*

Key areas where management has made difficult, complex or subjective judgments in the process of applying the Company's accounting policies, often as a result of matters that are inherently uncertain, include determining that the Company meets the definition of an investment entity under IFRS 10, valuation techniques for fair value determination of investments classified as FVTPL, applying the equity method of accounting for associates and determining that the Company's functional currency is the US\$. For additional information on these judgments, see note 4 for investments and note 2(b) for functional currency.

*(e) Foreign currency translation*

Transactions in foreign currencies, including Canadian dollars ("C\$"), are translated into US\$ at rates of exchange prevailing at the time of such transactions. Monetary assets and liabilities transacted in foreign currencies are translated into US\$ at rates of exchange at the end of the reporting period. Non-monetary items measured at fair value in a foreign currency are translated using exchange rates at the date when the fair value was measured. Any resulting foreign exchange gain or loss is included in the interim consolidated statements of profit and comprehensive income.

From time to time, the Company may enter into foreign exchange forward contracts to manage certain foreign currency exposures arising from foreign currency denominated transactions. The Company has not designated any foreign exchange forward contracts as accounting hedges. Any resulting foreign exchange gain or loss arising from the foreign exchange forward contracts is included in the interim consolidated statements of profit and comprehensive income.

*(f) Revenue recognition*

Interest income is recognized on an accrual basis and dividend income is recognized on the ex-dividend date. Advisory and management fees are recorded as fee income over time as these services are performed.

*(g) Cash and cash equivalents*

Cash and cash equivalents generally consist of cash on deposit and highly liquid short-term investments with original maturities of 90 days or less. At March 31, 2023 and December 31, 2022, the Company's cash consisted of cash on deposit in both C\$ and US\$.

*(h) Capital assets*

The Company's capital assets are included in other assets and are reported at cost less accumulated depreciation. Depreciation is calculated based on the estimated useful life of the particular assets which is 3 to 10 years for furniture and equipment. Leasehold improvements are depreciated using the straight-line method over the lesser of the term of the lease or the estimated useful life of the assets. At the end of each reporting period, management reviews the carrying amounts of capital assets for any indication of impairment. An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of fair value less cost to sell and value in use.

*(i) Leases*

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys a right to control the use of an identified asset, the Company assesses whether, i) the contract involves an identified asset, which is physically distinct and cannot be substituted by the supplier, ii) the Company has the right to obtain substantially all of the economic benefits from the use of the identified asset during the period of use, and iii) the Company has the right to operate the identified asset or the Company designed the identified asset in a way that predetermines how and for what purpose the identified asset will be used.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made on or before the commencement date, plus any costs incurred to dismantle and remove the underlying asset or restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses. Depreciation is measured using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term.

**The Westaim Corporation**  
**Notes to Consolidated Financial Statements**  
**For the three months ended March 31, 2023 and 2022**

(Currency amounts in thousands of United States dollars except per share data, unless otherwise indicated)

---

**2 Summary of Significant Accounting Policies (continued)**

The lease liability is initially measured at the present value of the future lease payments not paid at the commencement date and the lease payments are discounted using the interest rate implicit in the lease if the rate can be readily determined, or the lessee's incremental borrowing rate if the rate cannot be determined.

In accordance with IFRS 16 "Leases" ("IFRS 16"), the Company has elected not to recognize right of use assets and lease liabilities for short term leases of less than a term of 12 months and leases of low value. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the term of the lease.

*(j) Investments*

The Company's investments in Skyward Specialty, Arena FINCOs and ASOF LP are classified as FVTPL and are carried at fair value. At initial recognition, these investments were measured at cost, which was representative of fair value, and subsequently, at each reporting date, recorded at fair value with increases and decreases arising from changes in fair values including the impact of dividends and/or distributions being recorded in the interim consolidated statements of profit and comprehensive income for the period in which they arise. Transaction costs on the investments are expensed as incurred.

Investment in Arena Investors was initially recorded at cost and subsequently adjusted to recognize the Company's share of profit and other comprehensive income of Arena Investors and any dividends and/or distributions received from Arena Investors.

Investments in public entities are valued at unadjusted published quotes for identical investments exchanged in active markets. Investments in financial assets and instruments that are not traded in an active market, including private entities, are generally valued initially at the cost of acquisition on the basis that such cost is a reasonable estimate of fair value. Such investments are subsequently revalued using accepted industry valuation techniques. The Company considers a variety of methods and makes assumptions that are based on market conditions existing at each period end date. Valuation techniques used may include initial acquisition cost, net asset value, discounted cash flow analysis, comparable recent arm's length transactions, comparable publicly traded company metrics, reference to other instruments that are substantially the same, option pricing models and other valuation techniques commonly used by market participants. Any sale, size or other liquidity restrictions on the investment are also considered by management in its determination of fair value. Due to the inherent uncertainty of valuation, management's estimated values may differ significantly from the values that would have been used had an active market for the investments existed, and the differences could be material.

The Company may use internally developed models, which are usually based on valuation methods and techniques generally recognized as accepted within the industry. Valuation models are used primarily to value unlisted equity and debt securities for which no market quotes exist or where markets were or have been inactive during the financial period. Some of the inputs to these models may not be observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Company holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including model risk, liquidity risk and counterparty risk.

Management is responsible for performing fair value measurements included in the Company's interim consolidated financial statements for each reporting period. The Company prepares a detailed valuation for each reporting period describing the valuation processes and procedures undertaken by management. The applicable valuation memoranda are provided to members of the Company's audit committee and all valuation results are reviewed with the audit committee as part of its review of the Company's interim consolidated financial statements.

*(k) Income taxes*

Income tax expense is recognized in the interim consolidated statements of profit and comprehensive income. Current tax, based on taxable income in countries where the Company operates, may differ from profit and comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Deferred tax assets are generally recognized for all deductible temporary income tax differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets and liabilities are determined based on the enacted or substantively enacted tax laws and rates that are anticipated to apply in the year of realization. The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Company expects to recover or settle the carrying amount of the related assets and liabilities. The carrying amount of the deferred tax asset is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Income tax assets and liabilities are offset when the Company intends to settle on a net basis and there is a legally enforceable right to do so.

**2 Summary of Significant Accounting Policies (continued)**

*(l) Warrants*

Warrants subject to a cashless exercise at the discretion of the holder are classified as a derivative liability and measured at FVTPL. Change in the fair value of the warrants is reported in the interim consolidated statements of profit and comprehensive income for the period in which they arise.

*(m) Contributed surplus*

When share capital of the Company is repurchased by the Company, the amount by which the cost to repurchase the shares exceeds the average carrying value of the shares is included in contributed surplus. The cost of stock options was recognized over the period from the issue date to the vesting date and recorded as contributed surplus.

*(n) Accumulated other comprehensive loss*

Accumulated other comprehensive loss consists of cumulative exchange differences from currency translation as a result of a change in presentation currency from C\$ to US\$ on August 31, 2015.

*(o) Share-based compensation*

The Company maintains share-based compensation plans, which are described in note 11. The value attributed to stock options at issuance are recognized in income as an expense over the period from the issue date to the vesting date with a corresponding increase in contributed surplus. Any consideration paid by stock option holders for the purchase of stock is credited to share capital.

Obligations related to Deferred Share Units (“DSUs”) and Restricted Share Units (“RSUs”) are recorded as liabilities at fair value. At each reporting date they are re-measured at fair value with reference to the fair value of the Company’s stock price and the number of units that have vested. When a change in value occurs, it is recognized in share-based compensation expense (recovery) and foreign exchange (gain) loss in the applicable financial period.

*(p) Earnings per share*

Basic earnings per share is calculated by dividing profit by the weighted average number of Common Shares outstanding during the reporting period. See note 14 for the calculation of the weighted average number of Common Shares outstanding.

Diluted earnings per share is calculated by dividing profit by the weighted average number of shares outstanding during the reporting period after adjusting both amounts for the effects of all dilutive potential Common Shares, which consist of options, RSUs and warrants. Anti-dilutive potential Common Shares are not included in the calculation of diluted earnings per share.

(Currency amounts in thousands of United States dollars except per share data, unless otherwise indicated)

**3 Other Assets (continued)**

Effective, December 1, 2019, the Company entered into a new operating lease for its office premises in Toronto, Ontario, Canada expiring on November 30, 2024. At the commencement date of the lease, in accordance with IFRS 16, a right of use asset was recorded at cost under other assets and a lease liability was recorded at amortized cost under accounts payable and accrued liabilities in the interim consolidated statements of financial position. Subsequent to initial recognition, the right of use asset is depreciated using the straight-line method over the term of the lease with depreciation recorded in the interim consolidated statements of profit and comprehensive income. Each lease payment reduces the lease liability and the accretion of the lease liability is recorded as interest expense included under general, administrative and other in the interim consolidated statements of profit and comprehensive income.

The right of use asset recorded for the Company's office premises was \$210 and \$242 at March 31, 2023 and December 31, 2022, respectively. The depreciation on the right of use asset was \$32 in each of the three months ended March 31, 2023 and 2022.

The lease liability recorded for the Company's office premises was \$227 and \$261 at March 31, 2023 and December 31, 2022, respectively. The lease payments were \$35 and \$32 in the three months ended March 31, 2023 and 2022, respectively, and the interest expense on the lease liability was \$1 in each of the three months ended March 31, 2023 and 2022. The Company recorded an unrealized foreign exchange loss relating to the lease liability of a nominal amount and \$3 in the three months ended March 31, 2023 and 2022, respectively.

**4 Investments**

The Company's principal investments consist of its investment in Skyward Specialty, Arena FINCOs and Arena Investors. Investments in Skyward Specialty and Arena FINCOs are measured at FVTPL and the investment in Arena Investors is accounted for using the equity method.

	Place of establishment	Principal place of business	Ownership interest at March 31, 2023	Ownership interest at December 31, 2022
Skyward Specialty <sup>1</sup>	Delaware, U.S.	Texas, U.S.	37.0% owned by the Company <sup>1</sup>	43.8% owned by the Company <sup>1</sup>
Arena FINCOs	Delaware, U.S.	New York, U.S.	100% owned by the Company	100% owned by the Company
Arena Investors	Delaware, U.S.	New York, U.S.	51% owned by the Company <sup>2</sup>	51% owned by the Company <sup>2</sup>

<sup>1</sup> Skyward Specialty includes the Company's ownership in the HIIG Partnership which is established and operates in Ontario, Canada. See note 4 investment in Skyward Specialty for details of the Company's ownership in Skyward Specialty.

<sup>2</sup> Legal equity ownership is 51% (December 31, 2022 - 51%) denotes profit percentage subject to change over time pursuant to the earn-in rights granted to Bernard Partners, LLC ("BP LLC") described below under "Investment in Associates". Effective April 1, 2022, BP LLC achieved the threshold to increase its equity ownership of Arena Investors from 0% to 49% and as a result, the Company's equity ownership decreased from 100% to 51%.

The Company's investments in Skyward Specialty and Arena FINCOs are classified as FVTPL and are carried at fair value under investments in the interim consolidated statements of financial position. Changes in fair value are reported under "Net results of investments" in the interim consolidated statements of profit and comprehensive income.

The table below summarizes the fair value hierarchy under which the Company's investments classified as FVTPL are valued. Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs). Inputs are considered observable if they are developed using market data, such as publicly available information about actual events or transactions, and that reflect the assumption that market participants would use when pricing the asset or liability.

At March 31, 2023, the Company's \$318,955 valuation of its investment in Skyward Specialty consisted of the aggregate fair value of: (i) its share of the Skyward Specialty common shares held by the HIIG Partnership of \$159,252, (ii) its share of the other net assets of the HIIG Partnership of \$372, and (iii) Skyward Specialty common shares held directly by the Company of \$159,331. At December 31, 2022, the Company's \$218,879 valuation of its investment in Skyward Specialty consisted of the aggregate fair value of: (i) its share of the Skyward Specialty common shares held by the HIIG Partnership of \$109,227, (ii) its share of the other net assets of the HIIG Partnership of \$372, and (iii) Skyward Specialty convertible preferred shares held directly by the Company of \$109,280.

On January 18, 2023, Skyward Specialty announced the close of the initial public offering of the Skyward Specialty common shares (the "IPO") listed on the Nasdaq Global Select Market under the ticker symbol "SKWD". With the closing of the IPO on January 18, 2023, the Skyward Specialty convertible preferred shares, including those which the Company owned, automatically converted into Skyward Specialty shares of common stock. At March 31, 2023, Westaim held 7,285,359 Skyward Specialty common shares (December 31, 2022 - Skyward Specialty preferred shares which were convertible into 7,285,359 common shares) directly and its share of Skyward Specialty common shares through the HIIG Partnership of 7,281,780 (December 31, 2022 - 7,281,780) for a total of 14,567,139 (December 31, 2022 - 14,567,139). Westaim is restricted from trading Skyward Specialty common shares under a lock-up agreement through to July 12, 2023.

**4 Investments (continued)**

The Company, through HIIG GP, had a management services agreement with Skyward Specialty (the "Skyward Specialty MSA"), whereby HIIG GP was entitled to receive from Skyward Specialty an advisory fee of \$500 annually. The Skyward Specialty MSA automatically terminated with the closing of IPO of Skyward Specialty on January 18, 2023. The Company earned advisory fees of \$23 and \$125 from Skyward Specialty in the three months ended March 31, 2023 and 2022, respectively.

FVTPL

The investment in Skyward Specialty is classified at Level 1 of the fair value hierarchy and is accounted for at FVTPL. The fair value of the Company's investment in Skyward Specialty was determined to be \$318,955 at March 31, 2023 and \$218,879 at December 31, 2022.

At March 31, 2023, the Company's estimated fair value of Skyward Specialty common shares held (directly or indirectly) by the Company was supported by the SKWD closing trading price on March 31, 2023. At March 31, 2023, the Company's investment in Skyward Specialty of \$318,955 consisted of the aggregate of: (i) the Company's share of the Skyward Specialty common shares held by the HIIG Partnership of 7,281,780 Skyward Specialty common shares at \$21.87 per share for \$159,252, (ii) the Company's share of the fair value of other net assets of the HIIG Partnership of \$372, and (iii) Skyward Specialty common shares held directly by the Company of 7,285,359 Skyward Specialty common shares at \$21.87 per share for \$159,331. The carrying values of the HIIG Partnership's other net assets, consisting of monetary assets and liabilities including cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, which approximates their fair values due to the short maturity of these financial instruments.

At December 31, 2022, the Company used multiple valuation techniques including a series of discussions with various market participants. The market participants' valuation was determined through the process Skyward Specialty initiated in 2022 with third party firms to establish a public market through an initial public offering of the Skyward Specialty common shares (the "IPO"). Westaim's management selected \$15 per Skyward Specialty share at December 31, 2022 as the best estimate of fair value for its valuation for Skyward Specialty's common shares. The Skyward Specialty convertible preferred shares were valued at their common share equivalent on an as converted basis.

Management considers other secondary valuation methodologies as a way to ensure no significant contradictory evidence exists that would suggest an adjustment to the fair value as determined by the primary valuation methodology used. In order to do this, the Company may also consider valuation techniques including multiples of net asset value, the discounted cash flow method, the review of comparable arm's length transactions involving other specialty insurance companies and comparable publicly traded company valuations. For certainty, the secondary valuation techniques were not used to arrive at the fair value of the Company's investment in Skyward Specialty at the end of each reporting period.

The Company recorded an increase in the unrealized value on its investment in Skyward Specialty of \$100,076 and a decrease of \$1,089 in the three months ended March 31, 2023 and 2022, respectively, in the interim consolidated statements of profit and comprehensive income.

For purposes of assessing the sensitivity of the Skyward Specialty per share value on the valuation of the Company's investment in Skyward Specialty, if the value of a Skyward Specialty common share was higher by \$1.00 per share, the fair value of the Company's investment in Skyward Specialty at March 31, 2023 would have increased by approximately \$14,567 (December 31, 2022 - \$14,567) and the change in the unrealized value of investment in Skyward Specialty for the three months ended March 31, 2023 would have increased by approximately \$14,567 (for the three months ended March 31, 2022 - \$14,567). If the value of a Skyward Specialty common share at March 31, 2023 was lower by \$1.00 per share, an opposite effect would have resulted.

***Investment in the Arena FINCOs***

The Company owns a 100% interest in the Arena FINCOs and exercises control over the businesses of the Arena FINCOs.

Arena FINCOs are private companies which include specialty finance companies that primarily purchase fundamentals-based, asset-oriented credit and other investments for their own account and a company that primarily facilitates the origination of fundamentals-based, asset-oriented credit investments for its own account and/or possible future sale to specialty finance companies, clients of Arena Investors and/or other third parties. The Company's investment in the Arena FINCOs is accounted for at FVTPL in the Company's interim consolidated financial statements.

The Company's investment in the Arena FINCOs consists of the following:

	Three months ended March 31	
	2023	2022
Opening balance	\$ 160,113	\$ 172,866
Return of capital from the Arena FINCOs to the Company	(2,500)	-

FVTPL

The Company's investment in the Arena FINCOs is classified at Level 3 of the fair value hierarchy and is accounted for at FVTPL. The fair value of the Company's investment in the Arena FINCOs was determined to be \$152,986 at March 31, 2023 and \$160,113 at December 31, 2022.

Management used net asset value as the primary valuation technique and determined that 100% (or 1.0x) of the equity of the Arena FINCOs At March 31, 2023 in the amount of \$152,986 approximated the fair value of the Company's investment in the Arena FINCOs. Management determined that the net asset value valuation technique produced the best indicator of the fair value of the Arena FINCOs at March 31, 2023. This same valuation technique was used to determine the fair value of the Company's investment in the Arena FINCOs of \$160,113 at December 31, 2022.

The significant unobservable inputs used in the valuation of the Arena FINCOs at March 31, 2023 were the aggregate equity of the Arena FINCOs at March 31, 2023 and the multiple applied. Management applied a multiple of 1.0x as the equity of each of the entities reflected the net assets of the respective entity which were carried at fair value at March 31, 2023, as described below (December 31, 2022 – 1.0x). The equity contained certain significant judgments and estimates made by management of the Arena FINCOs, including the determination of the fair value of their subsidiaries' investments as noted below.

The carrying values of cash and cash equivalents, short-term investments, accounts receivable, senior secured notes payable, revolving credit facility payable, accounts payable and accrued liabilities of the Arena FINCOs approximate their fair values due to the short maturity of these financial instruments. The Arena FINCOs also make investments in equity securities, corporate bonds, private loans and other private investments, warrants and derivative instruments. When an investment is acquired or originated, its fair value is generally the value of the consideration paid or received. Subsequent to initial recognition, the Arena FINCOs determine the fair value of the investments using the following valuation techniques and inputs:

- Equity securities that are actively traded on a securities exchange are valued based on quoted prices from the applicable exchange. Equity securities traded on inactive markets and certain foreign equity securities are valued using significant other observable inputs, if available, which include broker quotes or evaluated price quotes received from pricing services. If the inputs are not observable or available on a timely basis, the values of these securities are determined using valuation methodologies for Level 3 investments described below.
- Corporate bonds are valued using various inputs and techniques, which include third-party pricing services, dealer quotations, and recently executed transactions in securities of the issuer or comparable issuers. Adjustments to individual bonds can be applied to recognize trading differences compared to other bonds issued by the same issuer. Values for high-yield bonds are based primarily on pricing services and dealer quotations from relevant market makers. The dealer quotations received are supported by credit analysis of the issuer that takes into consideration credit quality assessments, daily trading activity, and the activity of the underlying equities, listed bonds, and sector-specific trends. If these inputs are not observable or timely, the values of corporate bonds and convertible bonds are determined using valuation methodologies for Level 3 investments described below.

**4 Investments (continued)**

- Private loans and other private investments are valued using valuation methodologies for Level 3 investments. When valuing private loans, factors evaluated include the impact of changes in market yields, credit quality of the borrowers and estimated collateral values. If there is sufficient credit coverage, a yield analysis is performed by projecting cash flows for the instrument and discounting the cash flows to present value using a market-based, risk adjusted rate. On each valuation date, an analysis of market yields is also performed to determine if any adjustments to the fair values are necessary. Techniques used to value collateral, real estate, and other hard assets include discounted cash flows, with the discount rate being the primary unobservable input, recent transaction pricing and third-party appraisals. Private investments held through joint ventures are valued net of each respective joint venture waterfall and other joint venture assets and liabilities.
- Warrants that are actively traded on a securities exchange are valued based on quoted prices. Warrants that are traded over the counter or are privately issued are valued based on observable market inputs, if available. If these inputs are not observable or timely, the values of warrants are determined using valuation methodologies for Level 3 investments described below.
- Listed derivative instruments, such as listed options, that are actively traded on a national securities exchange are valued based on quoted prices from the applicable exchange. Derivative instruments that are not listed on an exchange are valued using pricing inputs observed from actively quoted markets. If the pricing inputs used are not observable and/or the market for the applicable derivative instruments is inactive, the values of the derivative instruments are determined using valuation methodologies for Level 3 investments described below.

Where pricing inputs are unobservable and there is little, if any, market activity for Level 3 investments, fair values are determined by management of the Arena FINCOs using valuation methodologies that consider a range of factors, including but not limited to the price at which the investment was acquired, the nature of the investment, local market conditions, trading values on public exchanges for comparable securities, current and projected operating performance and financing transactions subsequent to the acquisition of the investment. The inputs into the determination of fair value may require significant judgment by management of the Arena FINCOs. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed.

Management considers other secondary valuation methodologies as a way to ensure no significant contradictory evidence exists that would suggest an adjustment to the fair value as determined by the primary valuation methodology used. In order to do this, the Company may also consider valuation techniques including the review of comparable arm's length transactions involving other specialty finance companies and comparable publicly traded company valuations. For certainty, these secondary valuation techniques were not used to arrive at the fair values of the Company's investment in the Arena FINCOs at the end of each reporting period.

The Company recorded a decrease in the unrealized value of its investment in the Arena FINCOs of \$2,727 before dividends paid of \$1,900 in the three months ended March 31, 2023 in the interim consolidated statements of profit and comprehensive income. In addition, Arena FINCOs returned capital in the amount of \$2,500 in the three months ended March 31, 2023. The Company recorded an increase in the unrealized value of its investment in the Arena FINCOs of \$2,552 before dividends paid of \$2,500 in the three months ended March 31, 2022. There was no return of capital in the three months ended March 31, 2022.

For purposes of assessing the sensitivity of the equity of the Arena FINCOs on the valuation of the Company's investment in the Arena FINCOs, if the equity of the Arena FINCOs at March 31, 2023 was higher by \$1,000, the fair value of the Company's investment in the Arena FINCOs at March 31, 2023 would have increased by \$1,000 (December 31, 2022 - \$1,000) and the change in the unrealized value of the investment in the Arena FINCOs for the three months ended March 31, 2023 would have increased by \$1,000 (for the three months ended March 31, 2022 - \$1,000). If the equity of the Arena FINCOs at March 31, 2023 was lower by \$1,000, an opposite effect would have resulted.

***Investment in Arena Investors***

Arena Investors Group Holdings, LLC ("AIGH"), a private company, through its wholly-owned subsidiaries and subsidiaries which AIGH has a controlling interest, operates as a US based investment manager offering third-party clients access to primarily fundamentals-based, asset-oriented credit and other investments that aim to deliver attractive yields with low volatility. AIGH is the sole limited partner of Arena Investors, LP, a limited partnership established under the laws of Delaware to provide investment services to third-party clients and Arena FINCOs.

On August 31, 2015, agreements were entered into between the Company and BP LLC in respect of Arena Investors (the "Associate Agreements"). BP LLC's initial profit sharing percentage is 49%, and under the Associate Agreements, BP LLC has the right to earn-in up to 75% equity ownership percentage in Arena Investors and share up to 75% of the profit of Arena Investors based on achieving certain assets under management ("AUM") and cash flow (measured by the margin of trailing twelve months earnings before interest, income taxes, depreciation and amortization to trailing twelve month revenues) thresholds in accordance with the Associate Agreements. At April 1, 2022, under the Associate Agreements, BP LLC achieved the threshold to increase its equity ownership of Arena Investors from 0% to 49%. At March 31, 2023, the Company's equity ownership of Arena Investors and its profit sharing percentage is 51%.

**6 Preferred Securities**

On April 3, 2017, the Company announced that it had entered into an agreement pursuant to which Fairfax Financial Holdings Limited, through certain of its subsidiaries (collectively, "Fairfax"), had agreed to make an investment of up to C\$100 million in Westaim in exchange for the issuance by Westaim of 5% interest bearing notes (the "Preferred Securities") and Common Share purchase warrants (the "Warrants") (see note 8). The Preferred Securities are governed by the terms of an indenture dated June 2, 2017 between, inter alia, Westaim and Computershare Trust Company of Canada (the "Indenture").

The Preferred Securities are denominated in C\$, each issuable for a principal amount of C\$10 and carry interest at a rate of 5% per annum. The Preferred Securities are subordinate secured securities that will mature on May 26, 2116 but may be redeemed by Westaim, in whole or in part, at the sole discretion of the Company at any time on or after June 2, 2022 at a price equal to C\$10 per Preferred Security, plus all accrued and unpaid interest up to the date of redemption.

On June 2, 2017, the Company closed the subscription by Fairfax of C\$50 million of Preferred Securities (the "Fairfax Financing"). There were 5,000,000 Preferred Securities outstanding at March 31, 2023 and December 31, 2022.

Pursuant to the terms of the Indenture, the Preferred Securities are redeemable on demand by the holders of the Preferred Securities upon a change of control of Westaim and the liability is recorded at the principal amount in the interim consolidated statements of financial position. The Preferred Securities liability is translated into US\$ at rates of exchange at the end of each reporting period and any resulting foreign exchange gain or loss is included in the interim consolidated statements of profit and comprehensive income. The carrying amount of the Preferred Securities, which approximated fair value, was \$36,956 and \$36,939 at March 31, 2023 and December 31, 2022, respectively. The Company recorded an unrealized foreign exchange loss relating to the Preferred Securities of \$17 and \$504 in the three months ended March 31, 2023 and 2022, respectively.

Interest expense on the Preferred Securities amounted to \$456 and \$494 in the three months ended March 31, 2023 and 2022, respectively. Accrued interest expense was \$456 and \$466 at March 31, 2023 and December 31, 2022, respectively, and was reported under accounts payable and accrued liabilities in the interim consolidated statements of financial position.

**7 C\$ Exchange Forward Contracts**

At March 31, 2023, the Company had a 92 day C\$ exchange forward contract to purchase C\$50 million maturing on June 28, 2023. During the three months ended March 31, 2023, the Company settled a C\$ exchange forward contract to purchase C\$50 million and incurred a realized foreign exchange loss of \$997. During the three months ended March 31, 2022, the Company was entered into, but did not settle, a C\$ exchange forward contract to purchase C\$50 million which resulted in \$nil realized foreign exchange gain or loss. The realized foreign exchange loss from the forward contracts was offset by other realized and unrealized C\$ currency net gains on the Company's underlying C\$ currency assets and liabilities, including the currency exposure arising from the Preferred Securities, which resulted in a net unrealized and realized foreign exchange loss of \$390 and \$58 in the three months ended March 31, 2023 and 2022, respectively.

The Company has not designated these C\$ exchange forward contracts as accounting hedges.

Changes to the C\$ exchange forward contract payable was as follows:

	March 31, 2023	December 31, 2022
C\$ exchange forward contract receivable (payable), opening balance	\$ (478)	\$ (443)
Change in value of C\$ exchange forward contracts – (loss)	(306)	(3,008)
Net cash settlements paid from the C\$ exchange forward contracts	997	2,973
C\$ exchange forward contract receivable (payable), closing balance	\$ 213	\$ (478)

A C\$ exchange forward contract receivable was accrued in the amount of \$213 at March 31, 2023 and was recorded under other assets in the interim consolidated statements of financial position. At December 31, 2022, a C\$ exchange forward contract payable of \$478 was recorded under accounts payable and accrued liabilities in the interim consolidated statements of financial position. The change in value of C\$ exchange forward contracts resulted in a net loss of \$306 and a net gain of \$504 for the three months ended March 31, 2023 and 2022, respectively, and was reported under foreign exchange loss in the interim consolidated statements of profit and comprehensive income.

**8 Derivative Warrant Liability**

In connection with the Preferred Securities (see note 6), Westaim issued to Fairfax 14,285,715 Warrants, each exercisable for one Common Share at an exercise price of C\$3.50. Each vested Warrant was originally exercisable on or prior to June 2, 2022, and the expiry date automatically extended to June 2, 2024 since the volume-weighted average trading price of the Common Shares for the 10 day period ending on June 2, 2022 was less than C\$5.60. The Company can elect to require early exercise of the Warrants if the volume-weighted average trading price of the Common Shares for any 10 day period prior to the election is at least C\$5.60 up to June 2, 2024.

The Warrants are subject to a cashless exercise at the discretion of Fairfax and are classified as a derivative liability in accordance with IFRS and measured at FVTPL. The fair value of the vested Warrants at initial recognition was recorded as an expense in the interim consolidated statements of profit and comprehensive income. Subsequent changes in fair value of the vested Warrants are reported in the interim consolidated statements of profit and comprehensive income for the period in which they arise.

Changes to the derivative warrant liability are as follows:

	March 31, 2023	December 31, 2022
Opening balance	\$ 94	\$ 156
Change in fair value – loss (gain)	56	(57)
Unrealized foreign exchange – (gain)	-	(5)
Ending balance	\$ 150	\$ 94

The fair value liability of the vested Warrants at March 31, 2023 of \$150 (December 31, 2022 - \$94) was estimated using the Monte Carlo pricing model assuming no dividends are paid on the Common Shares, a risk-free interest rate of 4.27% (December 31, 2022 – 4.37%), an expiration date between April 1, 2023 and June 2, 2024 (December 31, 2022: January 1, 2023 and June 2, 2024), a volatility of the underlying Common Shares of 25.28% (December 31, 2022 – 24.87%), a closing price of the Common Shares of C\$2.95 (December 31, 2022 - C\$2.63) and a strike price of C\$3.50. The amounts computed according to the Monte Carlo pricing model may not be indicative of the actual values realized upon the exercise of the vested Warrants by Fairfax. A sensitivity analysis is performed within the Monte Carlo pricing model, which produces a probability distribution of possible outcomes by identifying which inputs impact the outcome the most.

The Company recorded an unrealized loss resulting from a change in the fair value of the vested Warrants of \$56 and an unrealized gain of \$71 in the three months ended March 31, 2023 and 2022, respectively. The Company also recorded an unrealized foreign exchange loss with respect to the vested Warrants of a nominal amount and \$2 in the three months ended March 31, 2023 and 2022, respectively, under foreign exchange loss in the interim consolidated statements of profit and comprehensive income.

**9 Commitments and Contingent Liabilities**

Effective December 1, 2019, Westaim entered into a new operating lease for the office premises in Toronto expiring on November 30, 2024. At March 31, 2023, the Company had a total commitment of \$438 for future occupancy cost payments including payments due not later than one year of \$263 and payments due later than one year of \$175. At December 31, 2022, the Company had a total commitment of \$513 for future occupancy cost payments including payments due not later than one year of \$268 and payments due later than one year of \$245.

**10 Share Capital**

Westaim's authorized share capital consists of an unlimited number of Common Shares with no par value, Class A preferred shares with no par value and Class B preferred shares with no par value.

At March 31, 2023, Westaim had 141,386,718 Common Shares issued and outstanding (December 31, 2022 – 141,386,718), with a stated capital of \$378,563 (December 31, 2022 - \$378,563). In the three months ended March 31, 2023, Westaim did not acquire or cancel any Common Shares through its normal course issuer bid (the "NCIB"). In the year ended December 31, 2022, Westaim cancelled 1,300,000 Common Shares that it had acquired at a cost of \$2,564 through its prior NCIB. The NCIB, which was approved by the TSXV, provides that Westaim may, during the 12-month period commencing October 1, 2022 and ending September 30, 2023, purchase up to 11,005,494 Common Shares in total, representing approximately 10% of Westaim's public float and not more than 2,827,734 Common Shares within a 30 day period. The NCIB for the 12-month period which commenced October 1, 2021 and ended September 30, 2022, provided that Westaim could purchase up to 11,208,044 Common Shares in total and not more than 2,863,734 Common Shares within a 30 day period. Westaim is conducting the NCIB because it believes the Common Shares currently trade in a price range that represents an attractive investment and a desirable use of its corporate funds as cash becomes available.

No shares of Westaim are held by the Company, and there were no Class A preferred shares or Class B preferred shares outstanding at March 31, 2023 and December 31, 2022.

**11 Share-based Compensation**

Westaim's long-term equity incentive plan (the "Incentive Plan") provides for grants of RSUs, DSUs, stock appreciation rights and other share-based awards. Westaim also has a stand-alone incentive stock option plan (the "Option Plan").

The Option Plan is a "rolling plan" which provides that, subject to the terms of the Option Plan, the aggregate number of Common Shares which may be reserved for issuance under the Option Plan is limited to not more than 10% of the aggregate number of Common Shares outstanding or 14,138,671 at March 31, 2023 (December 31, 2022 – 14,138,671). However, each of the Incentive Plan and the Option Plan provide that, subject to the terms of the plan, the number of Common Shares issuable under such plan, together with all other security-based compensation arrangements of Westaim, shall not exceed 10% of the aggregate number of Common Shares outstanding. As the DSUs are settled solely in cash, they are not included in this 10% limitation.

In certain circumstances such as a change of control of Westaim or the sale of substantially all of the assets of Westaim, all outstanding options and RSUs will vest immediately.

**15 Capital Management**

Westaim's capital currently consists of the Preferred Securities and Common Shares.

The Company's guiding principles for capital management are to maintain the stability and safety of the Company's capital for its stakeholders through an appropriate capital mix and a strong balance sheet.

The Company monitors the mix and adequacy of its capital on a continuous basis. The Company employs internal metrics. The capital of the Company is not subject to any restrictions. Units of the HIIG Partnership cannot be issued without the prior approval of the unitholders and, in connection with any such issuance, the holders of units have pre-emptive rights entitling them to purchase their pro rata share of any units that may be so issued.

**16 Financial Risk Management**

The Company is exposed to a number of risks due to its business operations. The Company's interim consolidated statement of financial position at March 31, 2023 consists of short-term financial assets and financial liabilities with maturities of less than one year, investments in Skyward Specialty, Arena FINCOs, Arena Investors, and ASOF LP, Preferred Securities, and derivative warrant liability. The most significant identified risks which arise from holding financial instruments include credit risk, liquidity risk, currency risk, interest rate risk and equity risk. The Company has a comprehensive risk management framework to monitor, evaluate and manage the risks assumed in conducting its business.

Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company's credit risk arises primarily from its cash and cash equivalents. The Company manages such risk by maintaining bank accounts with Schedule 1 banks in Canada and a major bank in the United States.

**16 Financial Risk Management (continued)**

Liquidity risk

Liquidity risk is the risk that the Company may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Company has made investments in level 3 investments classified as FVTPL and associates which do not typically have an active market. Private investment transactions can be highly structured, and the Company takes measures, where possible, to create defined liquidity events and as part of its strategy, the Company has sought to create or accelerate such liquidity events. However, such liquidity events are rarely expected in the first two or three years of making an investment and may not be realized as expected.

At March 31, 2023, the Company's short-term financial liabilities amounted to \$2,339 (December 31, 2022 - \$4,510), and the Company has access to cash and other resources to meet these financial obligations.

Currency risk

The Company's C\$ denominated monetary liabilities exceed C\$ denominated monetary assets and most of its operating expenses are paid in C\$. From time to time, the Company may enter into C\$ to US\$ exchange forward contracts to manage its C\$ currency exposures. At March 31, 2023, the Company's C\$50 million (December 31, 2022 – C\$50 million) C\$ exchange forward contract is effective at reducing a significant portion of the risk associated with changes in the C\$ currency exchange. At March 31, 2023, it is estimated a 10% strengthening of the C\$ against the US\$ would have increased the foreign exchange loss by approximately \$723 and \$690 for the three months ended March 31, 2023 and 2022, respectively. A similar weakening of the C\$ would result in an opposite effect.

The Company has not designated any foreign exchange forward contracts as accounting hedges.

Interest rate risk

The Company does not believe that the results of operations or cash flows would be affected to any significant degree by a sudden change in market interest rates relative to interest rates on its cash and cash equivalents, loans receivable, or the Preferred Securities. The Company is subject to interest rate risks indirectly as a result of its investments in Skyward Specialty and the Arena FINCOs as certain underlying investments made by these entities are sensitive to interest rate movements.

Equity risk

Since the close of Skyward Specialty's IPO on January 18, 2023, there has been an active market for the Company's investment in Skyward Specialty common shares with Westaim restricted from trading Skyward Specialty common shares under a lock-up agreement through to July 12, 2023. There is no active market for the Company's Level 3 investments. The Company holds its investments for strategic and not trading purposes. The fair values of these investments recorded in the Company's interim consolidated financial statements have been arrived at using industry accepted valuation techniques. Due to the inherent uncertainty of valuation, these fair values may not be indicative of the actual values which can be realized upon a liquidity event for these investments.
