MANAGEMENT INFORMATION CIRCULAR

This management information circular (the “**Information Circular**”) is dated April 13, 2015 and is furnished in connection with the solicitation of proxies by and on behalf of the management of the Corporation (“**Management**”) for use at the annual and special meeting (the “**Meeting**”) of shareholders of the Corporation (the “**Shareholders**”) to be held at the St. Andrew’s Club & Conference Centre, 150 King Street West, Sun Life Financial Tower, Inverness Room, 27th Floor, Toronto, Ontario on Friday, May 15, 2015 at 10:00 a.m. (Toronto time) for the purposes set out in the notice of meeting (the “**Notice**”) accompanying this Information Circular.

The audited financial statements of the Corporation for the fiscal year ended December 31, 2014, together with the report of the auditors thereon, will be presented to the Shareholders at the Meeting.

2. *Election of Directors*

The articles of the Corporation (the “**Articles**”) require a minimum of three and a maximum of fifteen directors of the Corporation. On November 14, 2014, the Corporation’s board of directors (the “**Board**”), pursuant to the right granted under the Articles and the *Business Corporations Act* (Alberta) (the “**ABCA**”), appointed Stephen R. Cole to the Board. As a result, there are currently six directors of the Corporation. Accordingly, the number of directors to be elected at the Meeting is six. The present term of office of each current director of the Corporation will expire at the Meeting.

Management proposes to nominate at the Meeting the persons whose names are set forth in the table below, each to serve as a director of the Corporation until the next meeting of Shareholders at which the election of directors is considered, or until his successor is duly elected or appointed, unless he resigns, is removed or becomes disqualified in accordance with the Corporation’s by-laws or the ABCA. If with respect to any particular nominee, the number of Common Shares withheld exceeds the number of Common Shares voted in favour of the nominee, following the Meeting the nominee is required to submit his resignation to the Corporate Governance Committee. The nominee will not participate in the discussions respecting the decision to accept or reject the resignation. If the Board accepts the resignation, it may appoint a new director to fill the vacancy.

- (a) was the subject of a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemptions under Canadian securities legislation that was in effect for a period of more than 30 consecutive days (an “**order**”), that was issued while the proposed director was acting in the capacity as director, Chief Executive Officer or Chief Financial Officer; or
- (b) was subject to an order that was issued after the proposed director ceased to be a director, Chief Executive Officer or Chief Financial Officer and which resulted from an event that occurred while that person was acting in the capacity as director, Chief Executive Officer or Chief Financial Officer.

To the knowledge of the Corporation, other than as set out below, no proposed director:

3. Appointment of Auditors

Shareholders will be requested to re-appoint Deloitte LLP, Chartered Professional Accountants, as auditors of the Corporation to hold office until the next annual meeting of Shareholders, and to authorize the Audit Committee to fix the auditors' remuneration and the terms of their engagement. Deloitte LLP, Chartered Professional Accountants, was first appointed auditors of the Corporation on May 7, 1996.

4. Annual Approval of Option Plan

In accordance with the policies of the TSX Venture Exchange (the "TSXV"), an issuer that has a rolling stock option plan must have its shareholders approve the plan on an annual basis. The incentive stock option plan of the Corporation (the "Option Plan") was adopted by the Board on May 14, 2014 and was approved by the Shareholders at the annual and special meeting of Shareholders which took place on June 19, 2014 (the "2014 Meeting"). No changes have been made to the Option Plan since the 2014 Meeting, and no stock options (the "Options") have been issued pursuant to the Option Plan to date. The Option Plan provides that the aggregate number of Common Shares reserved for issuance upon the exercise of all Options granted under such plan (together with all Common Shares issuable pursuant to each other equity compensation plan of the Corporation, including the amended and restated long-term equity incentive plan of the Corporation (the "Incentive Plan" and together with the Option Plan, the "Plans")) shall not exceed 10% of the issued and outstanding Common Shares at the time of granting of Options (on a non-diluted basis). As such, Shareholders will be asked at the Meeting to consider and, if deemed advisable, confirm and approve the Option Plan.

The information related to the Option Plan in this Information Circular is intended as a summary only and is qualified in its entirety by reference to the Option Plan which is attached as Appendix "C" to the management information circular of the Corporation dated May 14, 2014 prepared in connection with the 2014 Meeting.

Option Plan Resolution

At the Meeting, Shareholders will be asked to consider, and, if deemed appropriate, approve, with or without variation, a resolution (the "Option Plan Resolution") confirming and approving the Option Plan.

In the absence of contrary instructions, the Management nominees named as proxyholders in the enclosed Proxy Instrument intend to vote FOR the Option Plan Resolution. The Option Plan Resolution must be approved by the affirmative vote of at least a majority of the votes cast by Shareholders present in person or represented by proxy at the Meeting.

5. *Approval of Change in Listing Category*

History of the Prior Business

Westaim was established in 1996 with a view to produce and market products for global applications based on its advanced industrial materials expertise. At the time of its initial public offering, it had a portfolio of development stage new business opportunities which included: coking-resistant coatings, electroluminescent flat panel displays (through its subsidiary, iFire Technology Ltd. “**iFire**”), biomedical coatings (through its subsidiary NUCRYST Pharmaceuticals Corp. (“**Nucryst**”), electronic ceramics and structural ceramics.

On May 29, 2002, Westaim announced its intention to close or sell non-core assets to increase the focus of its management and financial resources on its two emerging businesses, iFire and Nucryst.

In April 2007, Westaim announced that it was undertaking a review of its business strategy and in the second quarter of 2007, it announced a significant reduction in staff and in research and development spending at iFire.

In the fourth quarter of 2007, Westaim announced that it would actively seek a buyer for the iFire business and assets and would discontinue further development of iFire’s thick film dielectric electroluminescent technology for application in the flat panel television market.

On October 17, 2008, Westaim announced a purchase and sale agreement for the sale of iFire’s equipment, patents and intellectual property. The sale of the iFire equipment was completed later in the fourth quarter of 2008 and the sale of the patents and intellectual property was completed in the first quarter of 2009.

On November 10, 2009, Nucryst entered into an asset purchase agreement under which it agreed to sell all of its operations and assets. The sale transaction was completed on December 22, 2009.

Immediately following the completion of the Nucryst asset sale, Westaim had no active business.

Change in Management and Business Focus

On April 3, 2009, Westaim announced that it planned to pursue strategic investment opportunities designed to maximize the value of its strong balance sheet and non-cash resources. The change in investment focus was made in conjunction with changes to Management which included the appointment of J. Cameron MacDonald as President and Chief Executive Officer of Westaim.

On January 25, 2010, Westaim announced that it had agreed to purchase all of the issued and outstanding shares of JEVCO Insurance Company (“**Jevco**”) from its parent company, Kingsway Financial Services Inc., (the “**Jevco Acquisition**”) and had arranged equity financing of \$275 million for the purpose of completing such acquisition. The Jevco Acquisition was completed on March 29, 2010.

On May 2, 2012, Westaim announced that it had entered into an agreement with Intact Financial Corporation (“**Intact**”) pursuant to which it agreed to sell all of the issued and outstanding shares in the capital of Jevco to a wholly-owned subsidiary of Intact for \$530 million in cash (the “**Jevco Sale Transaction**”). The Jevco Sale Transaction was completed on September 4, 2012.

On September 28, 2012, Westaim effected a cash distribution by way of a return of capital on the Common Shares of \$37.50 per Common Share (the “**Cash Distribution**”). The Cash Distribution represented substantially all of the net proceeds realized from the Jevco Sale Transaction.

Following the Jevco Sale Acquisition, Westaim no longer met the continued listing requirements of the Toronto Stock Exchange (the “**TSX**”) as it had no active business. On January 9, 2013, following applications made by the Corporation, the Common Shares commenced trading on the TSXV (the “**TSXV Listing Date**”) and were delisted from the TSX. As Westaim had no active business at the time, based on its prior ownership of Jevco, it was listed on the TSXV as an “industrial issuer” with a focus on insurance. This meant that, should Westaim propose to make an investment or acquisition outside of the insurance sector, such investment or acquisition would represent a “Change of Business” under the policies of the TSXV which, among other things, would require that Westaim obtain shareholder approval for such Change of Business.

Management spent much of the first half of 2013 identifying and investigating potential acquisition opportunities principally in the insurance sector. However, none of such opportunities met Management’s investment parameters. Accordingly, Management determined to: (i) widen the focus of its search to include opportunities outside of the insurance sector; and (ii) adopt a formal investment policy. On September 25, 2013, the Board approved an investment policy for the Corporation, which policy was amended on August 14, 2014 and on April 13, 2015 (the “**Business Acquisition and Investment Policy**”).

Houston International Insurance Group, Ltd.

On March 12, 2014, the Corporation announced that Westaim HIIG Limited Partnership (the “**Partnership**”), an Ontario limited partnership established by Westaim, had agreed to acquire a significant equity interest in Houston International Insurance Group, Ltd. (“**HIIG**”), an international specialty insurance company headquartered in Houston, Texas.

On July 31, 2014, the Partnership completed the acquisition (the “**Initial HIIG Acquisition**”) of approximately 70.8% of the issued and outstanding shares of common stock of HIIG (the “**HIIG Shares**”) for an aggregate purchase price of approximately US\$138.7 million. In connection with the Initial HIIG Acquisition, Westaim raised approximately \$150 million through several private placement transactions.

On January 14, 2015, the Partnership raised US\$70 million through the sale of additional Class A Units of the Partnership (the “**Additional Offering**”). The proceeds from this offering were used to acquire additional HIIG Shares (the “**Subsequent HIIG Acquisition**”) in order to fund (i) the purchase by HIIG, through HIIG Underwriters Agency, Inc., of all of the assets of the underwriting business operating as “Elite Underwriting Services”, a division of U.S. based Elite Brokerage Services, Inc., (ii) an additional capital contribution to HIIG’s subsidiary insurance companies and (iii) for general corporate purposes.

In connection with the Additional Offering, the Corporation subscribed for additional Class A Units of the Partnership for an aggregate subscription amount of approximately US\$50.6 million. As a result, following the completion of the Additional Offering and the Subsequent HIIG Acquisition, the Corporation now owns approximately 58.5% of the issued and outstanding Class A Units of the Partnership and the Partnership now owns approximately 75.7% of the issued and outstanding HIIG Shares.

Summary of Westaim's Investment Objective and Philosophy

Overview

Westaim is a Canadian investment company seeking to partner with strong, successful and aligned management teams by providing capital and strategic expertise to businesses with a focus primarily on the financial services industry. Westaim invests directly and indirectly through acquisitions, joint ventures and other arrangements, with the objective of providing Shareholders with capital appreciation and real wealth preservation. Westaim's strategy is to pursue investment opportunities to grow Shareholder value over the long term.

The senior Management team and Board have extensive experience in sourcing, executing and financing businesses, and providing strategic advice to businesses in order to help them grow. Accordingly, Westaim expects to provide its portfolio companies with advisory services including, but not limited to, advice on capital allocation, financing strategy, performance measurement and merger and acquisition support. As part of its financing strategy, Westaim also intends to partner with like-minded providers of third party capital to help supplement Westaim's own capital when completing acquisitions. The fees from managing this capital are expected to provide cash flow to the Corporation to support its operations, and augment the return for Shareholders.

Investment Objective

Westaim's investment objective is to maximize the intrinsic value of its businesses on a per share basis over the long-term. The senior Management team has extensive experience in financial services, with particular expertise within the investment, property and casualty insurance, and asset management industries. Westaim takes an owners approach to its investments, and seeks to provide Shareholders and third-party capital providers with exposure to unique investment opportunities that can generate superior risk adjusted returns within the financial services industry.

Investment Philosophy

Westaim intends to seek to accomplish this objective by adhering to the following philosophy:

Taking a long-term approach: The Corporation seeks to share a long-term horizon with Shareholder partners, the management teams of its portfolio businesses and its strategic third party capital providers. A long-term approach allows Westaim to allocate capital patiently, often times sacrificing short-term gains for long-term performance.

Focusing on cash flow and returns on invested capital: The Corporation evaluates its investments by focusing on cash generation and returns on invested capital rather than on accounting profit. This focus allows Westaim to focus on the economic potential of the particular business and maximizing its intrinsic value.

Investing Opportunistically: The Corporation seeks to remain opportunistic and nimble in the evaluation of strategic investment opportunities. The flexibility provided by being opportunistic allows the Corporation to react quickly and take advantage of opportunities to deploy capital into businesses that have the potential to offer above average returns, combined with a healthy margin of safety.

Maintaining financial strength: Westaim seeks to maintain a conservative capital structure and strong balance sheet. As a result, Westaim will at times carry substantial cash balances as it searches for

investment opportunities. This conservatism is expected to ensure that the Corporation has sufficient cash resources to react quickly to opportunities as and when they arise.

Business Acquisition and Investment Policy

A copy of the Business Acquisition and Investment Policy is attached as Appendix “A” hereto. A summary of the Business Acquisition and Investment Policy appears below which summary is qualified in its entirety by the full provisions of the Investment Policy.

Investment Objective

Westaim’s investment objective is to maximize the growth of its intrinsic business value on a per share basis over the long-term. Westaim intends to seek to accomplish this objective through:

- Utilizing value investing principles and the expertise and experience of Management to opportunistically acquire all or part of high quality businesses that it understands, will generate superior returns on invested capital, and will have long-term prospects for growth;
- Providing acquired businesses with strategic, financial and capital allocation related advice and support to help accelerate their growth;
- Acquiring debt and equity securities of both public and private companies on an opportunistic basis; and
- Maintaining a conservative balance sheet that is expected to allow Westaim to withstand adversity and capitalize on opportunities when they arise.

Business Acquisition and Investment Strategy

To achieve its objectives, the following guidelines will be considered for Westaim’s investment strategy:

- Westaim may invest in both public and non-public businesses and assets that have the potential for superior investment returns.
- Availability and quality of operating management with whom to partner will be a critical consideration of the attractiveness of an investment opportunity.
- Westaim intends to invest opportunistically in debt, equity and derivative securities, with a preference for equity and equity-related securities.
- While the Corporation will consider the liquidity of a particular investment in its evaluation, this will not be an immediate requirement, and will be a secondary consideration to the quality of the business, and the attractiveness of the investment opportunity.
- Over time, the Corporation intends to assemble a concentrated portfolio of businesses where its expertise and experience can be utilized to maximize returns on invested capital to the benefit of Shareholders.
- Pending an investment, consistent with its long-term strategy, the Corporation expects to invest its surplus cash in interest bearing demand or deposit obligations or Government of Canada short-term debt obligations, other short-term investment grade debt obligations, or public equity

securities as the Corporation may determine in accordance with limitations and guidelines established by the Board from time to time.

Implementation

In reaching an investment decision regarding a particular investment, the Corporation expects to consider, amongst others, the following factors:

- Availability and quality of operating management, and the ability to align management's interest with those of the Shareholders;
- The ability of Management to use their expertise to help grow the business organically and through prudent acquisitions;
- The financial condition and financial performance of the investee company; and
- The size of the investment, its price and valuation, and the Corporation's ability to efficiently finance its purchase.

Conflicts of Interest

Prior to making an investment, all members of senior Management and the Board shall be obligated to disclose any interest in the potential investment. In the event that a conflict is determined to exist, the person having the conflicted interest shall abstain from making further decisions concerning the investment.

Monitoring

The investment activities of Westaim will be monitored by senior Management, and by the Board through regular reporting. Investments will be monitored, evaluated and communicated to Management and the Board on a fair value basis in accordance with the Corporation's status as an investment company.

Financing

Westaim expects to raise capital from time to time through the public offering of its securities, by private placement, or through the incurrence of debt obligations. The Corporation is expected to maintain a conservative balance sheet to provide the flexibility to make opportunistic investments as they arise.

Dividends

Westaim does not expect to declare dividends in the near future, as it intends to reinvest cash flows and/or proceeds of investment sales in new opportunities in accordance with its strategy.

TSXV Approval

The Corporation has applied to the TSXV to be designated as an "investment issuer" rather than an "industrial issuer" (the "**TSXV COB Approval**"). The Corporation believes that such a change would more accurately reflect Westaim's business focus and approach and would enable the Corporation to make investments and/or acquisitions outside of the insurance sector without first obtaining shareholder approval (unless otherwise required by the policies of the TSXV). Under the policies of the TSXV, the change from an industrial issuer to an investment issuer represents a "Change of Business" within the

meaning of the TSXV policies. The TSXV COB Approval will be subject to the Corporation fulfilling all of the requirements of the TSXV, which are expected to include the obligation for Westaim to make at least one additional investment within twelve months of the issuance of final approval by the TSXV for the Change of Business.

Change of Business Resolution

At the Meeting, Shareholders will be asked to consider, and, if deemed appropriate, approve, with or without variation, a resolution (the “**Change of Business Resolution**”) approving the Change of Business of the Corporation from an “industrial issuer” to an “investment issuer”.

In the absence of contrary instructions, the Management nominees named as proxyholders in the enclosed Proxy Instrument intend to vote FOR the Change of Business Resolution. **The Change of Business Resolution must be approved by the affirmative vote of at least a majority of the votes cast by Shareholders present in person or represented by proxy at the Meeting.**

6. Ratification of Amended and Restated General By-Law of the Corporation

On November 14, 2014, the Board amended and restated the general by-law of the Corporation (the “**Amended and Restated By-Law**”) to add share ownership and transfer restrictions designed to enable the Corporation to comply with the requirements of the applicable insurance regulatory authorities.

The Amended and Restated By-Law became effective upon its approval by the Board. However, pursuant to the provisions of the ABCA, the Amended and Restated By-Law will cease to be effective unless ratified by a resolution adopted by a simple majority of the votes cast by Shareholders at the Meeting. The full text of the Amended and Restated By-Law is set forth in Appendix “B” to this Information Circular.

The insurance laws of each of Texas and Oklahoma prohibit any person from acquiring control of a domestic insurance company or any entity that controls such insurance company unless that person has filed a notification containing specified information with that state’s Commissioner of Insurance (the “**Commissioner**”) and has obtained the Commissioner’s prior approval (the “**Control Restrictions**”). Under applicable Texas and Oklahoma statutes, the acquisition of 10% or more of the voting securities (or securities convertible into voting securities) of an insurance company or an entity that controls an insurance company is presumptively considered an acquisition of control of the insurance company, although such presumption may be rebutted. Accordingly, any person or entity that acquires, directly or indirectly, 10% or more of the voting securities of the Corporation (or securities convertible into voting securities) without the requisite prior approvals will be in violation of these laws and may be subject to injunctive action requiring the disposition or seizure of those securities or prohibiting the voting of those securities, or to other actions that may be taken by the applicable state insurance regulators.

In view of the foregoing restrictions, the Board approved the Amended and Restated By-Law to enable the Corporation to enforce compliance with the Control Restrictions.

The Amended and Restated By-Law contains the following provisions:

- The Corporation may require a proposed subscriber or transferee of shares to submit a declaration with respect to the holding of shares of the Corporation and any other matter that the directors consider relevant to determine if the registration of the subscription or transfer would result in a violation of the Control Restrictions.

- The Corporation also may require a declaration at any time if proxies are solicited from shareholders or when, in the opinion of the directors, the acquisition, ownership, holding or control of shares by any person could violate the Control Restrictions.
- The Corporation has the power to refuse to issue or record a transfer and to prevent a shareholder from exercising the voting rights, of any share of any class if:
 - (a) such person (i) owns, holds or controls, directly or indirectly, or (ii) following the issue or recording of the transfer, the shareholder would own, hold or control, directly or indirectly, a “significant voting interest” in the Corporation, unless the required approvals from all relevant insurance regulatory authorities have been obtained; or
 - (b) the person requesting the issue or recording of the transfer refuses to sign and deliver a declaration (or provide other information reasonably necessary to assist the directors in making a determination that the Control Restrictions have not been contravened) with respect to his, her or its ownership, holding or control of shares of the Corporation.

For these purposes, a “significant voting interest” in the context of the Corporation means the holding, directly or indirectly, of voting securities of the Corporation carrying 10% or more of the votes carried by all voting securities of the Corporation.

The restrictions relating to the transfer and the issue of shares of the Corporation do not generally apply to the transfer and the issue of securities of the Corporation in favour of a securities broker while such securities broker is performing no more than a function that is usual and customary for a securities broker.

The foregoing provisions will cease to apply if and for so long as the Control Restrictions are no longer applicable to the Corporation.

Amended and Restated By-Law Resolution

At the Meeting, Shareholders will be asked to consider, and, if deemed appropriate, approve, with or without variation, a resolution (the “**Amended and Restated By-Law Resolution**”) ratifying the adoption of the Amended and Restated By-Law by the Board.

In the absence of contrary instructions, the Management nominees named as proxyholders in the enclosed Proxy Instrument intend to vote FOR the Amended and Restated By-Law Resolution. The Amended and Restated By-Law Resolution must be approved by the affirmative vote of at least a majority of the votes cast by Shareholders present in person or represented by proxy at the Meeting.

GENERAL STATUTORY INFORMATION

Solicitation of Proxies

Solicitation of proxies for the Meeting will be primarily by mail, the cost of which will be borne by the Corporation. Proxies may also be solicited personally by employees of the Corporation at nominal cost to the Corporation. In some instances, the Corporation has distributed copies of the Notice, the Information Circular, and the Proxy Instrument (collectively, the “**Documents**”) to clearing agencies, securities dealers, banks and trust companies, or their nominees (collectively “**Intermediaries**”, and each an “**Intermediary**”) for onward distribution to Shareholders whose Common Shares are held by or in the custody of those Intermediaries (“**Non-registered Shareholders**”). The Intermediaries are required to forward the Documents to Non-registered Shareholders.

Solicitation of proxies from Non-registered Shareholders will be carried out by Intermediaries, or by the Corporation if the names and addresses of Non-registered Shareholders are provided by the Intermediaries.

Non-registered Shareholders who have received the Documents from their Intermediary should follow the directions of their Intermediary with respect to the procedure to be followed for voting at the Meeting. Generally, Non-registered Shareholders will either:

- (a) be provided with a form of proxy executed by the Intermediary but otherwise uncompleted. The Non-registered Shareholder may complete the proxy and return it directly to the Corporation's registrar and transfer agent, Computershare Investor Services Inc.; or
- (b) be provided with a request for voting instructions. The Intermediary is required to send the Corporation an executed form of proxy completed in accordance with any voting instructions received by the Intermediary.

If you are a Non-registered Shareholder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained from your Intermediary in accordance with applicable securities regulatory requirements. By choosing to send the Documents to you directly, the Corporation (and not your Intermediary) has assumed responsibility for (i) delivering the Documents to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Appointment of Proxy

The persons named in the enclosed Proxy Instrument are directors and/or officers of the Corporation. **SHAREHOLDERS HAVE THE RIGHT TO APPOINT A PERSON TO REPRESENT HIM, HER OR IT AT THE MEETING OTHER THAN THE PERSON[S] DESIGNATED IN THE PROXY INSTRUMENT** either by striking out the names of the persons designated in the Proxy Instrument and by inserting the name of the person or company to be appointed in the space provided in the Proxy Instrument or by completing another proper form of proxy and, in either case, delivering the completed proxy to Computershare Investor Services Inc., Attention: Proxy Department, by mail to 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or by fax to 1-866-249-7775/416-263-9524 to arrive at least forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Ontario) prior to the commencement of the Meeting or any adjournment(s) thereof, in default of which they may be treated as invalid.

Revocation of Proxy

A Shareholder who has given a proxy pursuant to this solicitation may revoke it at any time up to and including the second last business day preceding the day of the Meeting or any adjournment(s) thereof at which the proxy is to be used:

- (a) by an instrument in writing executed by the Shareholder or by his, her or its attorney authorized in writing and either delivered to the attention of the Corporate Secretary of the Corporation c/o Computershare Investor Services Inc., 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1;

- (b) by delivering written notice of such revocation to the chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment(s) thereof, or
- (c) in any other manner permitted by law.

Voting of Proxies and Discretion Thereof

Common Shares represented by properly executed proxies in favour of persons designated in the printed portion of the enclosed Proxy Instrument **WILL, UNLESS OTHERWISE INDICATED, BE VOTED FOR THE ELECTION OF DIRECTORS, FOR THE RE-APPOINTMENT OF DELOITTE LLP, CHARTERED PROFESSIONAL ACCOUNTANTS, AS THE AUDITORS OF THE CORPORATION AND FOR THE AUTHORIZATION OF THE AUDIT COMMITTEE TO FIX AUDITORS' REMUNERATION AND TERMS OF ENGAGEMENT, FOR THE OPTION PLAN RESOLUTION, FOR THE CHANGE OF BUSINESS RESOLUTION AND FOR THE AMENDED AND RESTATED BY-LAW RESOLUTION.** The Common Shares represented by the Proxy Instrument will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. The enclosed Proxy Instrument confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the Notice or other matters which may properly come before the Meeting. At the date of this Information Circular, Management knows of no such amendments, variations or other matters to come before the Meeting. However, if other matters properly come before the Meeting, it is the intention of the persons named in the enclosed Proxy Instrument to vote such proxy according to their best judgment.

Voting Securities and Principal Holders Thereof

The voting securities of the Corporation consist of an unlimited number of Common Shares. As of the Record Date (as defined below), the Corporation had issued and outstanding 70,297,342 Common Shares (the “**Outstanding Share Number**”).

The close of business on April 10, 2015 has been fixed as the record date (the “**Record Date**”) for the determination of Shareholders entitled to receive notice of the Meeting and any adjournment(s) thereof. Accordingly, only Shareholders of record on the Record Date are entitled to vote at the Meeting or any adjournment(s) thereof.

Each Shareholder is entitled to one vote on all matters that come before the Meeting for each Common Share shown as registered in his, her or its name on the list of Shareholders which is available for inspection during usual business hours at Computershare Investor Services Inc., 600, 530-8th Avenue S.W., Calgary, Alberta, T2P 3S8 and at the Meeting. The list of Shareholders will be prepared not later than ten days after the Record Date. If a person has acquired ownership of Common Shares since that date, he, she or it may establish such ownership and demand, not later than ten days before the Meeting, that his, her or its name be included in the list of Shareholders.

To the knowledge of the directors and officers of the Corporation, no person beneficially owns or exercises control over, directly or indirectly, more than 10% of the outstanding voting securities of the Corporation.

There are no cumulative or similar voting rights attached to the Common Shares.

Notes:

- (1) The Corporation previously adopted a long-term equity incentive plan (the “**Prior Incentive Plan**”), which was designed to combine the 1996 Plan, the Directors and Officers Share Purchase Program (the “**D&O Share Program**”), the Restricted Share Unit Plan (the “**RSU Plan**”) and the 2001 Deferred Share Unit Plan (the “**DSU Plan**”, and together with the 1996 Plan, the D&O Share Program and the RSU Plan, the “**Prior Plans**”). The Incentive Plan amended and restated the Prior Incentive Plan. While all equity compensation awards are made by the Board pursuant to the Incentive Plan or the Option Plan, as applicable, all awards made pursuant to the Prior Plans have remained outstanding and governed by the terms of the applicable Prior Plan and any applicable award agreement pursuant to which they were granted.
- (2) Represents Options issued under the 1996 Plan.
- (3) Represents RSUs granted under the Incentive Plan.
- (4) This number was calculated assuming the: (i) Outstanding Share Number does not change; and (ii) the Options and RSUs currently outstanding have not expired or been terminated. As noted below however, if any Options or Awards (as defined below) expire or terminate without having been exercised or redeemed in full, the Common Shares underlying the Option or Award, as applicable, shall again be available to be granted under the Plans.
- (5) Assumes, as of December 31, 2014, the total number of securities remaining available for future issuance under the Plans are granted in relation to Awards outstanding under the Incentive Plan.

As at December 31, 2014, there were a total of 5,000 Options outstanding (all of which were granted pursuant to the 1996 Plan) representing approximately 0.007% of the Outstanding Share Number. In addition, as at December 31, 2014, there were 2,375,000 restricted share units (“**RSUs**”) granted and outstanding pursuant to the Incentive Plan representing approximately 3.379% of the Outstanding Share Number. As at December 31, 2014, there were 4,649,734 Common Shares available for issuance under the Incentive Plan, representing approximately 6.614% of the Outstanding Share Number. The Option Plan provides that the aggregate number of Common Shares reserved for issuance upon the exercise of all Options granted under such plan (together with all Common Shares issuable pursuant to each other equity

compensation plan of the Corporation, including the Incentive Plan) shall not exceed 10% of the issued and outstanding Common Shares at the time of granting of Options (on a non-diluted basis).

Summary of Terms and Conditions of the Incentive Plan

On or around the TSXV Listing Date, the Corporation put in place the Prior Incentive Plan to comply with the policies of the TSXV which, among other things, limited the share-based compensation arrangements of its listed issuers to Options and DSUs. Following the TSXV Listing Date, the TSXV began to permit issuers to provide a broader range of share-based compensation awards, subject to certain conditions, including that Options be granted under a plan separate and apart from the plan governing the other share-based awards. In light of the foregoing, the Incentive Plan was approved by the Board on May 14, 2014, and by the Shareholders at the 2014 Meeting. Stock appreciation rights (“**SARs**”), DSUs, RSUs and other share-based awards (each an “**Award**”) are issued pursuant to the Incentive Plan. As noted above, Options are issued pursuant to the Option Plan. The Incentive Plan is substantially similar to the long-term equity incentive plan of the Corporation which was in place prior to the Common Shares being listed on the TSXV.

Purpose of the Incentive Plan

In addition to streamlining the administration of the Prior Plans, the purpose of the Incentive Plan is to advance the interests of the Corporation and its affiliates by: (a) attracting, rewarding and retaining highly competent persons as directors, officers, employees and consultants of the Corporation; (b) providing additional incentives to such persons by aligning their interests with those of the Shareholders; and (c) promoting the success of the Corporation’s business.

Administration of the Incentive Plan

The Incentive Plan is administered by the Board which has the power, subject to the specific provisions of the Incentive Plan to, among other things: (a) establish policies, rules and regulations for carrying out the purposes, provisions and administration of the Incentive Plan; (b) interpret, construe and determine all questions arising out of the Incentive Plan and any Award; (c) determine those persons considered Eligible Persons (being directors, officers, employees, management company employees or consultants of the Corporation or its affiliates); (d) grant and determine the number of Awards; (e) determine the exercise criteria, Option Price (as defined below) of a stock appreciation right (a “**SAR**”) (provided it not be less than the last closing price of the Common Shares on the TSXV on the last trading date immediately preceding the relevant date (“**Market Price**”)), time when Awards will be exercisable or redeemable and whether the Common Shares that are subject to an Award will be subject to any restrictions upon the exercise or redemption thereof; (f) prescribe the form of the instruments or award agreements relating to the Awards; (g) correct any defect or omission, or reconcile any inconsistency in the Incentive Plan and any award agreement; (h) authorize withholding arrangements; and (i) take all other actions necessary or advisable for administering the Incentive Plan. The Board may, from time to time, delegate the administration of all or any part of the Incentive Plan to a committee of the Board and shall determine the scope of and may revoke or amend such delegation.

Eligible Persons

The Incentive Plan authorizes the Board (or a committee of the Board if so authorized by the Board) to grant Awards to Eligible Persons. Eligible Persons who have received Awards are referred to herein as “**Participants**”.

Description of Awards

Pursuant to the Incentive Plan, the Corporation is authorized to issue Awards to Eligible Persons, which may be settled in shares issued from treasury, or in cash. The Incentive Plan also gives the Board discretion to make other equity incentive awards, subject to the approval of the TSXV.

(a) SARs

A SAR is a right to receive a cash payment equal to the difference between the Option Price and the Market Price of a Common Share on the date of exercise (the “**SAR Amount**”). A SAR may be granted in relation to an Option or on a stand-alone basis. SARs granted in relation to an Option shall be exercisable only at the same time, by the same persons and to the same extent, that the related Option is exercisable. SARs granted on a stand-alone basis shall be granted on such terms as shall be determined by the Board and set out in the Award agreement, provided that the Option Price shall not be less than the Market Price of the Common Shares on the date of grant. SARs may be settled in cash or (at the election of the Corporation) Common Shares with an aggregate Market Price equal to the SAR Amount.

(c) RSUs

An RSU is a right to receive a Common Share issued from treasury or, if the award agreement so provides, the Participant may elect to have some or all of such person’s RSUs settled by a cash payment equal to the Market Price of a Common Share redeemable after the passage of time, the achievement of performance targets or both. RSUs shall be granted on terms determined by the Board based on its assessment, for each Participant, of the current and potential contribution of such person to the success of the Corporation. The Board shall determine the effective date of the grant and the number of RSUs granted. The Board shall also determine the applicable grant period, the vesting terms and the exercise criteria of each RSU.

(d) DSUs

A DSU is a right, redeemable only after the Participant has ceased to hold all positions with the Corporation or has otherwise ceased to be an Eligible Person, to a cash payment equal to the Market Price of a Common Share on the termination date of a Participant or, if applicable, to one fully paid and non-assessable Share issued from treasury. Participants have no right or ability to exercise, receive or otherwise demand payment of the value of DSUs granted to them prior to ceasing to hold all positions with the Corporation or to otherwise cease to be an Eligible Person.

(e) All Awards and Other Awards

Awards may be granted alone, in addition to, or in tandem with any other Award or any award granted under another plan of the Corporation or an affiliate. Awards granted in addition to or in tandem with other Awards may be granted either at the same time or at different times. The date of grant, the number of Common Shares, the vesting period and any other terms and conditions of Awards granted pursuant to the Incentive Plan are to be determined by the Board, subject to the express provisions of the Incentive Plan.

The Board may also grant other share-based awards to Eligible Persons pursuant to the Incentive Plan. All such awards shall be granted on terms determined by the Board and shall be subject to the approval of the TSXV, if required.

Share Purchase Program

The Board may institute a share purchase program (the “**SPP**”) for designated Eligible Persons (each a “**SPP Eligible Person**”). Pursuant to the SPP, the Board could grant to each SPP Eligible Person one Option and/or one SAR for each Common Share purchased by such person up to a maximum number of Options and/or SARs for each Eligible Person as may be determined from time to time by the Board. Any such Options for SPP Eligible Persons will be granted under and governed by the Option Plan.

Restrictions on Awards

The aggregate number of Common Shares issuable: (a) to insiders of the Corporation within any one year period under the Incentive Plan, together with any other security-based compensation arrangement, cannot exceed 10% of the outstanding Common Shares (on a non-diluted basis); and (b) at any time under the Incentive Plan, together with any other security-based compensation arrangement, cannot exceed 10% of the outstanding Common Shares (on a non-diluted basis). Furthermore, the aggregate number of Common Shares to be reserved for issuance upon the exercise or redemption of all Awards granted under the Incentive Plan shall not exceed 7,042,150 or such number as may be approved by the TSXV and the Shareholders from time to time.

Substitute Awards

Subject to TSXV approval, the Board may grant Awards under the Incentive Plan in substitution for share and share-based awards held by employees, directors, consultants or advisors of an Acquired Company (as defined below) in connection with a merger, consolidation or similar transaction involving such Acquired Company and the Corporation (or an affiliate thereof) or the acquisition by the Corporation (or an affiliate thereof) of property or stock of the Acquired Company.

Termination

Subject to the provisions of the Incentive Plan, any express resolution passed by the Board and the terms of any award agreement, all Awards, and all rights to acquire Common Shares pursuant thereto, granted to a Participant shall expire and terminate immediately upon such person’s termination date. If, however, before the expiry of an Award, a Participant ceases to be an Eligible Person for any reason, other than termination by the Corporation for cause, such Award may be exercised or redeemed, as applicable, by the holder thereof at any time within 90 days following their termination date or, if the person is deceased, at any time within six months following his or her death. In any event, the exercise or redemption of an Award must occur prior to any applicable expiry date. In addition, an Award is only exercisable or redeemable to the extent that the Participant was otherwise entitled to exercise or redeem the Award unless otherwise determined by the Board. If a Participant is terminated for cause, all unexercised or unredeemed Awards (vested or unvested) shall be terminated immediately.

Adjustments

If a formal bid for the Common Shares is made (an “**Offer**”), all Common Shares subject to outstanding Awards not then exercisable or redeemable shall become exercisable or redeemable and a Participant shall be entitled to exercise or redeem all or any part of the Award and tender the Common Shares acquired into the Offer. In the event of any stock dividend, stock split, combination or exchange of shares, merger, amalgamation, acquisition, divestiture, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation’s assets to Shareholders, or any other change in the capital of the Corporation affecting Common Shares, the Board will, subject to TSXV approval, make

such proportionate adjustments, if any, to outstanding Awards as the Board in its discretion may deem appropriate to reflect such change.

Change of Control

In the event of a change of control (“**CoC**”) of the Corporation or of an affiliate of which a Participant is an employee, with respect to all RSU grants, SARs and DSUs that are outstanding for such Participant on the date of the CoC (the “**CoC Date**”), (i) all vesting criteria and exercise criteria, if any, applicable to such RSUs, SARs and DSUs shall be deemed to have been satisfied as of the CoC Date; and (ii) except as may be otherwise provided under the terms of any other employee benefit plan approved by the Board, each Participant who has received any such RSU grants or SARs shall be entitled to receive, in full settlement of such RSU grants or SARs, a cash payment equal (A) in the case of a RSU, the Special Value (as defined herein); and (B) in the case of a SAR, the difference between the Special Value and the Option Price in respect of such SAR, in each case, payable on the date which is ten business days following the CoC Date. In the event of a CoC, the right of a Participant to receive a payment in respect of a DSU will not be triggered prior to such Participant’s termination date. As used herein, the term “**Special Value**” means (i) if any Common Shares are sold as part of the transaction constituting the CoC, the weighted average of the prices paid for such shares by the acquirer, provided that if any portion of the consideration is paid in property other than cash, then the Board shall determine the fair market value of such property for purposes of determining the Special Value; and (ii) if no Common Shares are sold, the Market Price of a Common Share on the day immediately preceding the date of the CoC.

Acceleration of Awards

Notwithstanding any other provision of the Incentive Plan, the Board may at any time give notice to Participants advising that their respective Awards (other than a DSU) are all immediately exercisable or redeemable and may be exercised or redeemed only within 30 days of such notice or such other period as determined by the Board and will otherwise terminate at the expiration of such period.

Amendment Procedure

The Incentive Plan contains a formal amendment procedure. The Board may amend certain terms of the Incentive Plan without requiring the approval of the Shareholders, unless specifically required by the TSXV. Amendments not requiring Shareholder approval include, without limitation: (a) altering, extending or accelerating Award vesting terms and conditions; (b) amending the termination provisions of an Award; (c) determining adjustments pursuant to the provisions of the Incentive Plan concerning corporate changes; (d) amending the definitions contained in the Incentive Plan; (e) amending or modifying the mechanics of exercising or redeeming Awards; (f) amending provisions relating to the administration of the Incentive Plan; (g) making “housekeeping” amendments, such as those necessary to cure errors or ambiguities contained in the Incentive Plan; (h) effecting amendments necessary to comply with the provisions of applicable laws; and (i) suspending or terminating the Incentive Plan.

The Incentive Plan specifically provides that the following amendments require Shareholder approval: (a) increasing the number of Common Shares issuable under the Incentive Plan, except by operation of the maximum number of Common Shares issuable; (b) amending the Incentive Plan if such amendment could result in the aggregate number of Common Shares issued to insiders within any one year period or issuable to insiders at any time under the Incentive Plan, together with any other security-based compensation arrangement, exceeding 10% of the outstanding Common Shares; (c) amending the class of Eligible Persons which would have the potential of broadening or increasing participation in the Incentive Plan by insiders; (d) amending the formal amendment procedures of the Incentive Plan; and (e) making any amendments to the Incentive Plan required to be approved by the Shareholders under applicable law.

Other Terms

Except as provided or with the consent of the Corporation and any applicable regulatory authority, all Awards under the Incentive Plan will be non-assignable. No financial assistance is to be provided to any Eligible Person to facilitate the purchase of Common Shares under the Incentive Plan.

Summary of Terms and Conditions of the Option Plan

Purpose of the Option Plan

The Option Plan was implemented to advance the interests of the Corporation and its affiliates by: (a) attracting, rewarding and retaining highly competent persons as directors, officers, employees and consultants of the Corporation; (b) providing additional incentives to such persons by aligning their interests with those of the Shareholders; and (c) promoting the success of the Corporation's business.

Administration of the Option Plan

The Option Plan is administered by the Board which has the power, subject to the specific provisions of the Option Plan to, among other things: (a) establish policies, rules and regulations for carrying out the purposes, provisions and administration of the Option Plan; (b) interpret, construe and determine all questions arising out of the Option Plan and any Option; (c) determine those persons considered Eligible Persons; (d) determine the exercise criteria, price at which Common Shares may be purchased under an Option (the "**Option Price**") (provided it not be less than the Market Price) and whether the Common Shares that are subject to an Option will be subject to any restrictions upon the exercise thereof; (e) prescribe the form of the instruments or Option agreements relating to the grant, exercise and other terms of the Options; (f) correct any defect or omission, or reconcile any inconsistency in the Option Plan and any Option agreement; (g) authorize withholding arrangements; and (h) take all other actions necessary or advisable for administering the Option Plan. The Board may, from time to time, delegate the administration of all or any part of the Option Plan to a committee of the Board and shall determine the scope of and may revoke or amend such delegation.

Restrictions on Options

Pursuant to the policies of the TSXV, the Option Plan contains limits on the maximum number of Options that may be issued to any single Eligible Person (being directors, officers, employees, consultants, management company employees and any other service providers of the Corporation or its affiliates), including the following:

- no Eligible Person may be granted Options to acquire more than 5% of the issued and outstanding Common Shares (on a non-diluted basis) in any 12-month period unless the Corporation has obtained disinterested shareholder approval in connection therewith;
- no consultant may be granted Options to acquire more than 2% of the issued and outstanding Common Shares (on a non-diluted basis) in any 12-month period; and
- the aggregate number of Options granted to Eligible Persons retained to provide investor relations activities shall not exceed 2% of the issued and outstanding Common Shares (on a non-diluted basis) in any 12-month period.

In addition to the restrictions on Options noted above, the aggregate number of Common Shares issuable to insiders within any one year period under the Option Plan, together with any other security-based

compensation arrangement, cannot exceed 10% of the outstanding Common Shares (on a non-diluted basis).

Description of Options

Pursuant to the Option Plan, the Corporation is authorized to award Options to Eligible Persons.

An Option is a right to purchase a Common Share for a fixed exercise price. Options shall be for a fixed term and exercisable from time to time as determined in the discretion of the Board, provided that no Option shall have a term exceeding ten years. Except where not permitted by the TSXV, if an Option expires during a black-out period or within ten business days thereof, its term will be extended to the date which is ten business days following the end of such period.

The number of Common Shares subject to each Option, the Option Price, the expiration date of each Option, the extent to which each Option is exercisable from time to time during the term of the Option and other terms and conditions relating to each such Option shall be determined by the Board. If no specific determination is made by the Board, the term of the Option shall be ten years, the Option Price shall be the Market Price of the Common Shares on the date of the grant and the Options shall vest on the anniversary of their date of grant in equal instalments over a three year period.

The Option Price shall in no circumstances be lower than the greater of: (i) the price permitted by the TSXV; (ii) the price permitted by any other regulatory body having jurisdiction; and (iii) the Market Price.

Substitute Options

Subject to TSXV approval, the Board may grant Options under the Option Plan in substitution for stock options held by employees, directors, consultants or advisors of another company (an “**Acquired Company**”) in connection with a merger, consolidation or similar transaction involving such Acquired Company and the Corporation (or an affiliate thereof) or the acquisition by the Corporation (or an affiliate thereof) of property or stock of the Acquired Company.

Other Material Terms

The Option Plan contains similar termination, adjustment, CoC, acceleration and amendment provisions as the Incentive Plan. See “*Security Based Compensation Arrangements – Summary of Terms and Conditions of the Incentive Plan*” for a summary of such provisions.

STATEMENT OF EXECUTIVE COMPENSATION

Introduction

In view of the Corporation’s reduced scope of business activities following the completion of the Jevco Sale Transaction, the Corporation determined to reduce the level of directors’ fees payable to the outside directors, suspend the issuance of DSUs in lieu of directors’ fees and to compensate its executive officers principally by way of a set salary with defined employee benefits.

In anticipation of the completion of the Initial HIIG Acquisition, on August 6, 2014, Hugessen Consulting Inc. (the “**Compensation Consultant**”), a compensation consultant, was retained to provide recommendations regarding, among other things, the appropriate level of salary and benefits for the Corporation’s executive officers (the “**Executives**”), the structure of the bonus program and the type,

quantum and terms of Options or other Awards that should be granted to the Executives. The term “Executive” as used herein does not include Stephen L. Way, the Chairman and Chief Executive Officer of HIIG or Peter W. Presperin, HIIG’s Chief Financial Officer. The mandate of the Compensation Consultant involved approximately five weeks of work to develop an appropriate compensation framework for the Corporation, including background research and data collection on the Corporation, interviews with key stakeholders regarding the Corporation’s strategy and performance, developing a reference group of similar companies to the Corporation for benchmarking purposes, and finally using all such information to draft a framework focusing on merchant banking and private equity features tailored to the Corporation. Following this first phase of work, the Compensation Consultant remained available to develop detailed compensation recommendations and any other related follow-on work as required.

The table below sets forth the fees billed by the Compensation Consultant for each of the two most recently completed financial years of the Corporation:

	December 31, 2013	December 31, 2014
Executive Compensation-Related Fees	nil	\$78,758 ⁽¹⁾
All Other Fees	nil	nil

Compensation Discussion and Analysis

Overview

The compensation of the Corporation’s executive officers is determined by the Board, relying upon the recommendation of the HR and Compensation Committee.

Based on the recommendation of the HR and Compensation Committee, the Board approved a new compensation structure for the Executives, effective May 1, 2014. The key elements of such program are: (i) base salary; (ii) short-term incentive awards in the form of cash bonuses; and (iii) long-term equity incentive awards in the form of RSUs.

Similar to the compensation arrangements in place prior to completion of the Jevco Sale Transaction, in establishing the compensation policy for the Executives, the HR and Compensation Committee reviewed the compensation of the Executives (base salary and short-term and long-term incentive programs) using data provided by the Compensation Consultant. These comparisons were adjusted to reflect the relative size of the Corporation, the nature of the Corporation’s business and the particular job functions and performance of Executives.

Based on the recommendation of the HR and Compensation Committee, the Board approved the following compensation for the NEOs identified below effective May 1, 2014 (other than the RSUs, which were granted effective November 14, 2014):

<u>Executive Officer</u>	<u>Base Salary</u>	<u>2014 Bonus</u>	<u>RSUs</u>
Ian W. Delaney	\$250,000	nil	450,000
J. Cameron MacDonald	\$350,000	\$375,000	900,000

<u>Executive Officer</u>	<u>Base Salary</u>	<u>2014 Bonus</u>	<u>RSUs</u>
Robert T. Kittel	\$350,000	\$350,000	700,000
Kumail Gangjee	\$175,000	\$150,000	150,000

In recommending approval of the compensation outlined above, the HR and Compensation Committee considered, among other things, the level of salary earned by the above NEOs above during 2013 and 2014, the fact that no bonuses, RSUs, Options or other Awards had been paid or granted to the above NEOs since 2012, the workload of each of the above NEOs during 2013 and 2014, the success of the Corporation's fundraising activities during 2014, the complexity and success of the Initial HIIG Acquisition and the market reaction thereto and the appreciation experienced in the trading price of the Common Shares during the period. While the 2014 bonuses referred to above were designed to largely compensate the above NEOs for their efforts and achievements during 2014, the RSU grants represented both a recognition for past efforts as well as an incentive for future performance.

Compensation Objectives and Principles

The compensation program for the Executives is designed to provide such persons with a competitive compensation package having regard to responsibilities and performance. Performance is considered to include achievement of the Corporation's strategic objectives of protection of its investment portfolio, growth of its operations and enhancement of Shareholder value through increases in stock price.

The primary goal of the compensation program for the Executives is to attract and retain the key executives necessary for the Corporation's long-term success, to encourage executives to further the development of the Corporation and its operations, and to motivate top quality and experienced executives.

Elements of Compensation

1. Base Salary or Consulting Fees

The base salary (or consulting fees) is the fixed portion of each Executive's total compensation. It is designed to provide income certainty. In determining the base level of compensation for the Executives, weight is placed on the following factors: the particular responsibilities related to the position, salaries or fees paid by companies of similar size in the industry, level of experience of the executive and overall performance, and the time which the Executive is required to devote to the Corporation in fulfilling his responsibilities.

2. Short-Term Incentive Awards

The cash incentive or bonus is a short-term incentive that is intended to reward each Executive for his individual contribution and performance of personal objectives in the context of overall corporate performance. The cash bonus is designed to motivate Executives to achieve personal business objectives, to be accountable for their relative contribution to the Corporation's performance, as well as to attract and retain executives. In determining compensation and, in particular, bonuses, the HR and Compensation Committee considers factors over which the Executive can exercise control, such as meeting budget targets established by controlling costs, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Corporation.

3. Long-Term Equity Incentive Awards

Long-term equity incentive awards in the form of RSUs are intended to align the interests of the Executives with those of the Shareholders and to provide a long-term incentive that rewards these individuals for their contribution to the creation of Shareholder value.

The Corporation has established the Plans, see “*Security Based Compensation Arrangements – Summary of Terms and Conditions of the Incentive Plan*” and “*Security Based Compensation Arrangements – Summary of Terms and Conditions of the Option Plan*”.

Risks Associated with the Compensation Policies and Practices

As part of its oversight of the Executive compensation program, the HR and Compensation Committee considers the implications of any risks associated with such program. The following components of the compensation to the Executives or individuals at a principal business unit or division are considered to discourage such persons from taking unnecessary or excessive risks:

- base salaries and personal benefits are sufficiently competitive and not subject to performance risk;
- corporate and individual performance objectives are generally designed to be achievable with sustained and focused efforts; and
- in order to be eligible to receive short-term or long-term incentives, an individual must be employed at the time of payout, unless the HR and Compensation Committee determines otherwise.

The HR and Compensation Committee believes that executive compensation risk management begins with ongoing Board oversight of:

- the Corporation’s results, regulatory reports and financial plans;
- the strategic plan;
- internal audit activities;
- fraud and error reporting;
- the Audit Committee’s quarterly meetings with the external auditors, including discussions with the external auditors that exclude Management;
- the Codes (as defined below); and
- the Corporation’s internal control, management information system, financial reporting and financial control systems.

Based on this review, the Corporation has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Corporation or any of its subsidiaries.

Hedging

No policies have been instituted related to the purchase by directors or NEOs (as defined below) of financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by any director or NEO.

Share-Based and Option-Based Awards

Long-term incentives are intended to align the interests of the Corporation's directors and executive officers with those of the Shareholders and to provide a long-term incentive that rewards these parties for their contribution to the creation of Shareholder value. In establishing the number of Options or Awards to be granted to Eligible Persons, reference is made to the recommendations made by the HR and Compensation Consultant as well as the number of similar awards granted to officers and directors of other publicly-traded companies of similar size in the same business as the Corporation. The HR and Compensation Committee and the Board also consider previous grants of Options or Awards and the overall number of Options or Awards that are outstanding relative to the number of outstanding Common Shares in determining whether to make any new grants of Options or Awards and the size and terms of any such grants, as well as the level of effort, time, responsibility, ability, experience and level of commitment of the officer or director in determining the level of incentive stock option compensation.

Compensation Governance

The Board has not adopted any formal policies or procedures to determine the compensation of the Corporation's directors or NEOs. Compensation decisions are made by the HR and Compensation Committee, using data provided by the Compensation Consultant, giving consideration to the objectives discussed above.

The HR and Compensation Committee currently consists of three directors; Messrs. Cole, Gildner and Owen, all of whom are independent directors and all of whom have direct and indirect expertise relevant to their role as members of the HR and Compensation Committee. Assuming the Management nominees are elected as directors at the Meeting, the composition of the HR and Compensation Committee is expected to consist of the following three directors; Messrs. Cole, Gildner and Walter.

The roles and responsibilities of the HR and Compensation Committee is, as a standing committee of the Board, to advise the Board on issues relating to the compensation of the Corporation's directors and NEOs, and to any entities providing management services to the Corporation. The charter of the HR and Compensation Committee describes the responsibilities of the chairman of the HR and Compensation Committee.

The following table summarizes, for the periods indicated, the compensation paid, payable, awarded, granted, given or otherwise provided, directly or indirectly, by the Corporation or a subsidiary of the Corporation to each individual who served as the Corporation's President and Chief Executive Officer, Chief Financial Officer and each other named executive officer, as defined under Form 51-102F6 – *Statement of Executive Compensation*. Pension Plan Benefits

As of December 31, 2014, there did not exist a pension plan for the Named Executive Officers that provided for payments or benefits at, following or in connection with retirement.

Termination and Change of Control Benefits

Other than as described herein, the Corporation does not have any contract, agreement, plan or arrangement that provides for payments to a Named Executive Officer at, following, or in connection with a termination (whether voluntary, involuntary or constructive), resignation, retirement, a change of control of the Corporation or a change in a Named Executive Officer’s responsibilities.

The services of each of Messrs. J. Cameron MacDonald and Robert T. Kittel (each, for the purposes of this section, an “**Executive**”) are provided under executive employment agreements (each an “**Executive Employment Agreement**”) originally entered into in September 2013. Under the terms of each Executive Employment Agreement, the Executive is entitled to receive an annual base salary, less applicable withholdings and deductions. Additionally, the Executive is eligible to receive an annual bonus, participate in any equity-based compensation plans for the Corporation’s senior employees and executives and participate in the Corporation’s employee and/or executive employee benefits package.

The Corporation may terminate the Executive Employment Agreement and the Executive’s employment with the Corporation for cause, and without cause.

In the event of a termination for cause, the Executive shall receive a payment of any base salary and vacation pay earned to the date of termination. All other entitlements of the Executive as of the date of termination shall be automatically extinguished, except for such minimum mandated entitlements, if any, as may be required by applicable law.

Except upon a Change of Control (as defined below), the Corporation may terminate the Executive Employment Agreement without cause at any time. In such event, the Executive will not receive working notice of termination, but instead shall receive the following compensation: (a) 12 months of base salary; (b) an amount equal to the average of the Annual Bonus (as defined below) earned by the Executive in each of his three most recently completed years of employment with the Corporation; (c) vacation pay

earned to the date of termination; (d) medical, dental and life insurance group benefits coverage (“**Benefits Coverage**”) for the period reflected in (a) or until he obtains alternate employment which provides equivalent or greater benefit coverage, whichever is the shorter period; (e) disability insurance benefits coverage during the notice period prescribed by the *Employment Standards Act, 2000* (Ontario) (the “**ESA Notice Period**”); and (f) if, at the time of termination of employment, the Executive is in receipt of short-term disability or long-term disability benefits, the amount of such benefits received by the Executive during the period reflected in (a) shall be deducted from the amount of compensation in lieu of notice otherwise payable under (a). For the purposes of the Executive Employment Agreements, the term “**Annual Bonus**” shall mean the bonus paid to the Executive in respect of a financial year based on the achievement of certain specified objectives, but shall not include any one-time, extraordinary or non-recurring bonuses, such as for the sale of a business, transaction or financing.

“**Change of Control**” means: (i) the acquisition by any persons or group of persons, acting jointly or in concert, of more than 50% of the voting securities of the Corporation; (ii) the sale of all or substantially all of the assets of the Corporation; (iii) a merger, amalgamation or business combination involving the Corporation; or (iv) the individuals who, as of the date of the Executive Employment Agreement constitute the Board ceasing to constitute at least a majority thereof, unless the election or nomination for election, by the Shareholders, of each new Board member was approved by a majority of the Board members then still in office who were Board members as of the date of the Executive Employment Agreement.

“**Good Reason**” means: (i) a material breach of the Executive Employment Agreement by the Corporation; (ii) without the express written consent of the Executive a material reduction in his total annual compensation; (iii) without the express written consent of the Executive, the assignment to him of any titles, duties, responsibilities or reporting obligations inconsistent with his titles, positions, duties, responsibilities or reporting obligations with the Corporation immediately prior to such assignment or any removal of the Executive from, or failure to re-elect the Executive to, titles, positions, directorships, duties, responsibilities, and reporting obligations with the Corporation, except in connection with the termination of the Executive’s employment for just cause, or resignation other than for Good Reason; (iv) the relocation of the Executive’s primary place of employment to any place which is more than 50 kilometres from the Corporation’s current head office; or (v) any reason which would amount to constructive dismissal by a Court of competent jurisdiction.

In the event that: (i) the Corporation terminates the Executive’s employment without cause upon or in anticipation of a Change of Control or within six months thereafter; or (ii) the Executive terminates his employment with the Corporation for Good Reason upon the Change of Control or within six months thereafter (in either case, a “**Change of Control Termination**”), the Executive shall be provided with:

- (i) 24 months’ base salary, plus an amount equivalent to two times the average of the Annual Bonus earned by the Executive in each of his three most recently completed years of employment with the Corporation;
- (ii) vacation pay earned to the date of termination;
- (iii) Benefits Coverage for the period reflected in (a) above or until he obtains alternate employment which provides equivalent or greater benefit coverage, whichever is the shorter period; and
- (iv) disability insurance benefits coverage during the ESA Notice Period.

An Executive's entitlements relating to equity awards are governed by the particular award agreement. The award agreements in respect of the RSUs granted on November 14, 2014 (the "**Current RSUs**") provide that in the event of a termination without cause, all vested Current RSUs would remain vested and exercisable, and all unvested Current RSUs would irrevocably vest. If an Executive resigns (other than for ill health), all unvested Current RSUs would terminate but vested Current RSUs could be settled until the earlier of: (i) their scheduled expiry date; and (ii) December 31 in the year following the year of resignation.

In the event of the death or inability to work for health reasons, all Current RSUs (vested or unvested) would be considered to have vested and would continue to be exercisable until the earlier of (i) their scheduled expiry date; and (ii) December 31 in the year following the year of termination.

HIIG and HIIG Service Company (collectively, the "**Company**") have entered into an executive employment agreement with Stephen L. Way (for the purposes of this section, the "**HIIG Executive**"), HIIG's Chairman and Chief Executive Officer, which agreement is effective as of July 31, 2014 (the "**HIIG Employment Agreement**") and shall continue until December 31, 2018, unless earlier terminated. Under the terms of the HIIG Employment Agreement, the HIIG Executive is entitled to receive an annual base salary, less applicable withholdings and deductions, as well as 30 days of paid time off. Additionally, the HIIG Executive is eligible to receive (i) a discretionary bonus, (ii) an annual bonus if the Company achieves the budget approved by the board of directors, and (iii) reimbursement for all reasonable expenses incurred.

The Company may terminate the HIIG Employment Agreement and the HIIG Executive's employment with the Company for cause, without cause or upon disability that renders the HIIG Executive unable to perform his duties as an employee of the Company for a period of (i) three consecutive months or (ii) 150 days within a 12-month period ("**Disability**").

The HIIG Executive may terminate his employment under the HIIG Employment Agreement for Good Reason, where "**Good Reason**" means (i) a material diminution by the Company of the HIIG Executive's duties, positions, titles, reporting requirements and responsibilities, (ii) a reduction in the HIIG Executive's compensation, without the HIIG Executive's written consent, (iii) assignment by the Company's board to the HIIG Executive of duties, authority, position(s), title(s) and responsibilities inconsistent with the HIIG Executive's position, (iv) except for reasonable required travel, relocation of the HIIG Executive's office to a distance more than 20 miles from its current location, or (v) material breach by the Company of any of the material covenants in the HIIG Employment Agreement.

If the HIIG Employment Agreement is terminated due to the HIIG Executive's death, the Company shall pay to his legal representative all accrued base salary, unreimbursed expenses and provision of benefits through the date of death, as well as (i) any predetermined discretionary bonus, (ii) any predetermined US\$500,000 annual bonus and, (iii) to a maximum of 15 days, payment for any earned but unused paid time off and unused paid holidays ((i) through (iii) are collectively the "**Earnings**").

If the HIIG Employment Agreement is terminated due to Disability, the Company shall pay the HIIG Executive the Earnings and shall continue to pay the base salary for a period of three months from the termination date, or such later date upon which the HIIG Executive incurs a "separation of service" within the meaning of Section 409A of the Internal Revenue Code of 1986 (USA), as amended ("**Code Section 409A**"). For the purposes of the HIIG Employment Agreement, "**separation of service**" is deemed to occur if it is reasonably anticipated that the bona fide level of services the HIIG Executive will perform will be permanently reduced to a level that is less than 50% of the average level of bona fide services he performed during the immediately preceding 36 months. In addition, in the event of Disability, disability

benefits shall be made available to the HIIG Executive if and to the extent allowable under the Company's disability insurance plans.

If the HIIG Executive voluntarily terminates the HIIG Employment Agreement with ten business day's notice or if it is terminated by the Company for cause, the Company shall pay all accrued base salary and approved reimbursement expenses through the termination date and shall also continue to provide benefits through the termination date. If the HIIG Executive has voluntarily terminated the HIIG Employment Agreement, the Company shall also pay the Earnings.

If the HIIG Employment Agreement is terminated by the Company without cause, by the HIIG Executive with Good Reason or by mutual agreement, the Company shall pay the Earnings, all accrued base salary and approved reimbursement expenses through the termination date, and shall also continue to provide benefits through the termination date. Further, beginning on the termination date or such late date upon which the HIIG Executive incurs a separation of service, the Company shall continue to pay the base salary for a period equal to the remainder of the then scheduled term of the HIIG Employment Agreement but not to exceed 36 months.

Upon termination of the HIIG Employment Agreement for any reason other than cause, the Company may offer and, if so offered, the HIIG Executive shall accept the position of Non-Executive Chairman for a minimum of three years following the termination date. For such position, the Company shall pay the HIIG Executive a US\$250,000 director's fee annually and shall pay for all his business travel and expenses incurred on behalf of the Company during each of those years. If pursuant to the board's discretion the Non-Executive Chairman position is not offered to the HIIG Executive, the Company shall pay the HIIG Executive a lump sum payment of US\$750,000 within 90 days following the termination date, subject to the requirements of Code Section 409A. If the HIIG Executive's service as Non-Executive Chairman commences but is shortened by the board to a period of less than three years, the Company shall pay the HIIG Executive an amount equal to US\$750,000 less the amount of the director's fee already paid to the HIIG Executive with respect to such three year term, subject to the requirements of Code Section 409A. If the board shortens such period due to cause or the HIIG Executive voluntarily terminates his service as Non-Executive Chairman before such three-year period has ended for any reason other than death or Disability, the Company shall not be required to make such payment, or any additional director's fees, to the HIIG Executive.

Director Compensation

Following the completion of the Jevco Acquisition, the compensation of directors of the Corporation was amended. The amended arrangements provided that the Chairman of the Board was to receive an annual fee of \$110,000 in lieu of directors meeting fees while the other outside directors were to receive an annual fee of \$40,000 and meeting fees of \$5,000 per meeting (\$2,500 for telephone meetings) and committee meeting fees of \$4,000 per meeting (\$2,000 for telephone meetings). In addition, the chair of the Audit Committee was to receive an annual fee of \$15,000. Directors could elect to receive all or any portion of their fees in the form of DSUs based on the closing price of the Common Shares on the TSX at the end of each quarter.

Effective January 1, 2013, considering the reduced business activities of the Corporation following the completion of the Jevco Sale Transaction, each director (other than the Corporation's President and Chief Executive Officer) was entitled to receive an annual fee of \$10,000 (payable quarterly) with no meeting fees payable. Such fees were payable only in cash.

Based on the recommendation of the HR and Compensation Committee, during the first quarter of 2015, the Board approved the payment of the following fees to the non-executive directors of the Corporation (the "**Outside Directors**") in view of the significant additional work performed by the Outside Directors during late 2013 and much of 2014 in connection with the Board's review and approval of the Initial HIIG Acquisition as well as proposals regarding the design of an appropriate compensation structure for Management:

<u>Director(s)</u>	<u>Fee</u>
Daniel P. Owen, John W. Gildner and Peter H. Puccetti	\$20,000 each in respect of 2013 and \$70,000 each (inclusive of \$7,500 previously paid) in respect of 2014
Stephen R. Cole	\$25,000 in respect of 2014

In addition, effective January 1, 2015, the Corporation's compensation policy for Outside Directors was revised in light of the Corporation's increased level of activity. Effective on such date, all Outside Directors are entitled to receive a quarterly fee of \$18,750 (in respect of up to 12 Board and/or Board committee meetings annually). In the event that an Outside Director is required to attend or participate in more than 12 meetings during the year, the following additional fees will apply:

<u>Type of Meeting</u>	<u>Fee</u>
In Person Meeting	\$2,500 per meeting
Telephone Meeting	\$1,250 per meeting

In addition, the Chair of the Audit Committee is entitled to an additional annual fee of \$15,000 and the Chair of the HR and Compensation Committee is entitled to an additional annual fee of \$7,500.

The fees for 2015 are payable quarterly in arrears. Consistent with the Corporation's policy, all or any portion of such fees may be received in the form of DSUs at the Market Price of the Common Shares on the last trading day of the quarter to which such fees relate.

The following table sets forth information concerning the annual and long-term compensation in respect of the directors of the Corporation, other than the directors who were also Named Executive Officers, during the financial year ended December 31, 2014. For details of the compensation for J. Cameron MacDonald and Ian W. APPENDIX “A”

BUSINESS ACQUISITION AND INVESTMENT POLICY

The Westaim Corporation

Business Acquisition and Investment Policy

Adopted September 2013

Amended August 2014 and April 2015

THE WESTAIM CORPORATION

Overview

The Westaim Corporation (“**Westaim**” or the “**Corporation**”) is a Toronto-based investment company that invests directly and indirectly through acquisitions, joint ventures and other arrangements with a view to providing its shareholders with capital appreciation and real wealth preservation over the long term.

Westaim was established in 1996 as a holding company to produce and market, through its various subsidiaries, products for global applications based on its advanced industrial materials expertise. At the time of its initial public offering in 1996 (as a spin-out from Viridian Inc.), it had a portfolio of development stage new business opportunities which included: coking-resistant coatings, electroluminescent flat panel displays, biomedical coatings, electronic ceramics and structural ceramics. In the period between 2005 and 2008, after a strategic review by the Corporation’s Board of Directors, Westaim proceeded to divest virtually all of its businesses in order to improve its business focus and to pursue other investment opportunities.

With its opportunistic acquisition of JEVCO Insurance Company (“**Jevco**”) in March 2010 and the disposition of its remaining industrial assets, Westaim became an investment company with a particular focus on the property and casualty insurance industry. In September 2012, Westaim sold all of the shares of Jevco generating superior risk-adjusted returns, and subsequently returned substantially all of the proceeds of the disposition to its shareholders. With substantially all of its assets currently composed of cash and cash equivalents in September 2013, Westaim returned to its roots as an investment holding company and adopted this investment policy (the “**Policy**”).

On July 31, 2014, Westaim, through Westaim HIIG Limited Partnership, acquired an indirect significant equity interest in Houston International Insurance Group, Ltd. (“**HIIG**”). The HIIG acquisition is expected to be the first of several investments that Westaim plans to make pursuant to the Policy.

Investment Objective

Westaim’s investment objective is to maximize the growth of its intrinsic business value on a per share basis over the long term. Westaim will seek to accomplish this objective through:

- Utilizing value investing principles and the expertise and experience of its management team and Board of Directors to opportunistically acquire all or part of high quality businesses that it understands, will generate superior returns on invested capital, and will have long term prospects for growth;
- Providing acquired businesses with strategic, financial and capital allocation related expertise and support to help accelerate their growth in cash flow and maximize long term business value;
- Acquiring debt and equity securities of both public and private companies on an opportunistic basis; and
- Maintaining a conservative balance sheet that is expected to allow Westaim to withstand adversity and capitalize on opportunities when they arise.

Westaim's senior management team and Board of Directors have considerable experience and expertise related to the above, and Westaim believes that this approach is the optimal way to maximize value for the Corporation's shareholders and achieve its objectives over the long term.

Business Acquisition and Investment Strategy

To achieve its objectives, the following guidelines will be considered for Westaim's investment strategy:

- Westaim may invest in both public and non-public businesses and assets that have the potential for superior investment returns. Its investment portfolio will be concentrated on platform businesses that have the ability to grow, and can benefit from the strategic, financial and capital allocation expertise of Westaim's management team and Board of Directors.
- Availability and quality of operating management with whom to partner will be a critical consideration of the attractiveness of an investment opportunity.
- Westaim will invest opportunistically in debt, equity and derivative securities, with a preference for equity and equity-related securities where we can use our expertise to assist operating management to enhance business results. Westaim may invest in a wide range of other instruments, including without limitation, preferred shares, warrants, convertible debentures, royalties, secured or unsecured debt, and bridge financing or other short term capital.
- While the Corporation will consider the liquidity of a particular investment in its evaluation, this will not be an immediate requirement, and will be a secondary consideration to the quality of the business, and the attractiveness of the investment opportunity. While the Corporation believes there may be significant potential returns in less liquid investments, where longer time horizons and a more hands on approach are required, the Corporation will generally seek to hold its investments for no more than 7 to 15 years.
- Over time, the Corporation expects to assemble a concentrated portfolio of high performing businesses where its expertise and experience can be utilized to maximize returns on invested capital to the benefit of its shareholders. From time to time, the relative proportions of the Corporation's assets invested in non-public and public businesses may vary in order to take advantage of investment opportunities.
- Pending an investment consistent with our long term strategy, the Corporation may invest its surplus cash in interest bearing demand or deposit obligations or Government of Canada short term debt obligations, other short term investment grade debt obligations, or public equity securities as the Corporation may determine in accordance with limitations and guidelines established by the Board of Directors from time to time.

Implementation

Senior management and the Board of Directors of Westaim will work jointly to uncover appropriate investment opportunities that meet Westaim's objectives. Through the networks of senior management and the Board of Directors, Westaim is expected to identify ample opportunities to execute its strategy. All major investments considered by Westaim will be subject to rigorous analysis and evaluation, and be subject to the approval of the Westaim Board of Directors.

In reaching an investment decision regarding an investment, management and the Board of Directors will consider, amongst others, the following factors:

- Availability and quality of operating management, and the ability to align management's interest with the Corporation's shareholders;
- The ability of management and the Board to use their expertise to help grow the business organically and through prudent acquisitions;
- The financial condition and financial performance of the investee company; and
- The size of the investment, its price and valuation, and the Corporation's ability to efficiently finance its purchase.

All investment decisions will be made consistent with value investing principles and the objective of maximizing the Corporation's intrinsic business value on a per share basis over the long term.

Conflicts of Interest

Prior to making an investment, all members of senior management and the Board of Directors shall be obligated to disclose any interest in the potential investment. In the event that a conflict is determined to exist, the person having the conflicted interest shall abstain from making further decisions concerning the investment.

The senior officers and directors of the Corporation may be involved in other activities which may on occasion cause a conflict of interest with his or her duties to the Corporation. These include serving as directors, officers, promoters, advisers or agents of other public and private companies, including companies in which the Corporation may invest. Such persons may also engage in transactions with the Corporation where any one or more of such persons is acting in his or her capacity as financial advisor, broker, intermediary, principal, or counterparty, provided that such transactions are carried out on terms similar to those which would apply in a similar transaction between parties not connected with such persons or any one of them and such transactions are carried out on normal commercial terms as if negotiated at arm's length.

The directors and senior officers of the Corporation are aware of the existence of laws governing the accountability of directors and officers for corporate opportunities and requiring disclosures of conflicts of interest, and the Corporation will rely upon such laws in respect of any conflicts of interest or in respect of any breaches of duty by any of its directors or officers.

Monitoring and Reporting

The investment and business acquisition activities of Westaim will be monitored by senior management, and by the Board of Directors through regular reporting from the Corporation's management, no less than quarterly. Investments will be monitored, evaluated and communicated to management and the Board of Directors on a fair value basis in accordance with the Corporation's status as an investment company.

Financing

Westaim expects to raise capital from time to time through the public offering of its securities, by private placement, or through the incurrence of debt obligations. The Corporation is expected to maintain a conservative balance sheet to provide the Corporation the flexibility to make opportunistic investments as they arise.

Dividend

Westaim does not expect to declare dividends in the near future, as it intends to reinvest cash flows and/or proceeds of investment sales in new opportunities in accordance with its strategy. This policy will be reviewed by the Corporation's Board of Directors on a periodic basis.

2.1 Calling of Meetings: Meetings of the board shall be held from time to time at such time and at such place as the board, the chair of the board, the chief executive officer, the president or any two directors may determine.

2.2 Notice of Meeting: Notice of the time and place of each meeting of the board shall be given to each director not less than 48 hours before the time when the meeting is to be held and may be delivered personally or may be given by mail, facsimile and/or any electronic means of communication. 2.7 Nomination of Directors: Subject to the provisions of the Act and the articles of the Corporation, only persons who are nominated in accordance with the following procedures shall be eligible for election as directors of the Corporation. Nominations of an individual for election to the board may be made at any annual general meeting of shareholders, or at any special meeting of shareholders if one of the purposes for which such meeting was called is the election of directors of the Corporation:

- (a) by or at the discretion of the board or an authorized officer of the Corporation, including pursuant to a notice of meeting;
- (b) by or at the direction or request of one or more shareholders pursuant to a proposal made in accordance with the provisions of the Act or a requisition to call a shareholders meeting made in accordance with the provisions of the Act; or
- (c) by any person (a "Nominating Shareholder") who, (i) at the close of business on the date of the giving of the notice provided for below in this Section 2.7 and on the record date for notice of such meeting, is entered in the securities register as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting, and (ii) complies with the notice procedures set forth below in this Section 2.7.

In addition to any other applicable requirements, for a nomination to be made by a Nominating Shareholder, the Nominating Shareholder must have given timely notice thereof in proper written form to the Chief Financial Officer of the Corporation at the registered office of the Corporation in accordance with this Section 2.7.

To be timely, a Nominating Shareholder's notice to the Chief Financial Officer of the Corporation must be made:

- (a) in the case of an annual general meeting of shareholders, not less than 30 nor more than 65 days prior to the date of the annual general meeting of shareholders; provided, however, that in the event that the annual general meeting of shareholders is to be held on a date that is less than 50 days after the date on which the initial Public Announcement (as defined below) of the date of the annual general meeting of shareholders was made, notice by the Nominating Shareholder may be made not later than the close of business on the 10th day following such Public Announcement; and

- (b) in the case of a special meeting of shareholders that is not also an annual general meeting but is called for the purpose of electing directors of the Corporation (whether or not called for other purposes), not later than the close of business on the 15th day following the day on which the initial Public Announcement of the special meeting of shareholders was made.

Notwithstanding the foregoing, the board may, in its sole discretion, waive any requirement in this Section 2.7. In no event shall any adjournment or postponement of a meeting of shareholders of the Corporation or the announcement thereof commence a new time period for the giving of a Nominating Shareholder's notice.

To be in proper written form, a Nominating Shareholder's notice to the Chief Financial Officer of the Corporation must set forth:

- (a) as to each individual whom the Nominating Shareholder proposes to nominate for election as a director:
 - (i) his or her name, age, business address and residence address;
 - (ii) his or her principal occupation or employment;
 - (iii) the class or series and number of shares in the capital of the Corporation which are controlled or over which direction is exercised, directly or indirectly, or which are owned beneficially or of record by him or her as of the record date for the meeting of shareholders (if such date shall then have been made publicly available by the Corporation and shall have occurred) and as of the date of such notice;
 - (iv) a statement as to whether he or she would be "independent" of the Corporation (within the meaning of Sections 1.4 and 1.5 of National Instrument 52-110 - *Audit Committees* of the Canadian Securities Administrators, as such provisions may amended from time to time) if elected as a director of the Corporation at such meeting and the reasons and basis for such determination; and
 - (v) any other information relating to him or her that would be required to be disclosed in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and Applicable Securities Laws (as defined below); and
- (b) as to the Nominating Shareholder giving the notice:
 - (i) any proxy, contract, arrangement, understanding or relationship pursuant to which such Nominating Shareholder has the right to vote any shares in the capital of the Corporation;
 - (ii) any other information relating to such Nominating Shareholder that would be required to be made in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and Applicable Securities Laws; and

- (iii) the class or series and number of shares in the capital of the Corporation which are controlled or over which direction is exercised, directly or indirectly, or which are owned beneficially or of record by the Nominating Shareholder as of the record date for the meeting of shareholders (if such date shall then have been made publicly available by the Corporation and shall have occurred) and as of the date of such notice.

The Corporation may require any proposed nominee to furnish such other information as may reasonably be required by the Corporation to determine the eligibility of such proposed nominee to serve as an independent director of the Corporation or that could be material to a reasonable shareholder's understanding of the independence, or lack thereof, of such proposed nominee.

No individual shall be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of this Section 2.7; provided, however, that nothing in this Section 2.7 shall be deemed to preclude discussions by a shareholder of the Corporation (as distinct from the nomination of directors) at a meeting of shareholders of any matter in respect of which it would have been entitled to submit a proposal pursuant to the provisions of the Act. The chairman of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in the foregoing provisions and, if any proposed nomination is not determined to be in compliance with such foregoing provisions, to declare that such defective nomination shall be disregarded.

For purposes of this Section 2.7:

- (a) “**Applicable Securities Laws**” means the applicable securities legislation of each relevant province and territory of Canada, as amended from time to time, the rules, regulations and forms made or promulgated under any such statute and the published national instruments, multilateral instruments, policies, statements, bulletins and notices of the securities commission and similar regulatory authority of each province and territory of Canada; and
- (b) “**Public Announcement**” shall mean disclosure in a press release reported by a national news service in Canada, or in a document publicly filed by the Corporation under its profile on the System of Electronic Document Analysis and Retrieval at www.sedar.com.

Notwithstanding any other provision of the by-laws, notice given to the Chief Financial Officer of the Corporation pursuant to this Section 2.7 may only be given by personal delivery or by facsimile transmission, and shall be deemed to have been given and made only at the time it is served by personal delivery or sent by facsimile transmission (provided that receipt of confirmation of such transmission has been received) to the Chief Financial Officer of the Corporation at the address of the registered office of the Corporation; provided, that if such delivery or transmission is made on a day which is not a business day or later than 5:00 p.m. (Toronto time) on a day which is a business day, then such delivery or transmission shall be deemed to have been made on the subsequent day that is a business day.

- (b) if such person, in respect of the issue of the securities, has been required by the Corporation or its registrar and transfer agent to provide it with the declaration referred to in Section 4.6 or 4.7 or other information reasonably necessary to assist the directors in making their determinations under Section 4.9 and has not provided that declaration or information; or
- (c) if the directors have determined, on the basis of the declaration or information referred to in paragraph (b) or in accordance with Section 4.9, that such person may own, hold or control, directly or indirectly, a Significant Voting Interest contrary to any of the Control Approval Requirements.

4.3 Refusal to Register Transfer of Ineligible Shares: No person may acquire securities of the Corporation, pursuant to any transfer of such securities, and the Corporation has the right to refuse to register a transfer of securities of the Corporation and to direct any depository to refuse to make entries in accounts maintained by the depository for participants in a depository to effect a transfer of a security, if the transfer is to a person that:

Notwithstanding Section 4.4, where a proxyholder:

- (a) (i) has obtained from a holder of securities of the Corporation, when the securities are not held by a depository or an intermediary, or (ii) has obtained from the beneficial owner of securities of the Corporation, when the securities are held by a depository or intermediary (or a nominee for a depository or intermediary), a declaration substantially in the form attached hereto as Schedule "A" or in such other form as may be approved by the Corporation, that the security holder, or beneficial owner, as applicable:

- (c) the security holder, or any participant in a depository, intermediary or beneficial owner, in relation to such securities, has, in respect of any securities of the Corporation, been required by the Corporation or its registrar and transfer agent to provide a declaration referred to in Section 4.6 or 4.7 or other information reasonably necessary to assist the directors in making a determination whether the provisions of the Control Approval Requirements are or may be contravened in any circumstances, and has not provided that declaration or information; or

4.11 Amendment of Section Four: The board in its absolute discretion may by resolution amend this Section Four in any manner as the board considers necessary or appropriate to administer and enforce the provisions of this Section Four and the Control Approval Requirements.

4.12 No Waiver of Rights: If securities of the Corporation are, by inadvertence or otherwise, issued or transferred or held contrary to any of the restrictions in this Section Four, such issuance or transfer or holding of the securities of the Corporation or its registration in the corporate records of the Corporation does not constitute a waiver of any of the rights of the Corporation under this Section Four or the conditions attaching to such securities or preclude the Corporation or the board from exercising any of the powers granted under these by-laws.

4.13 Validity of Acts: An issue or transfer of securities or an act of the Corporation is valid notwithstanding any failure to comply with the provisions of Section Four.

4.14 No Claim or Action: No security holder of the Corporation or other person has any claim or action against the Corporation or against any director, officer, employee or agent of the Corporation nor does the Corporation have any claim or action against any director, officer, employee or agent of the Corporation arising out of any act (including an omission to act) performed pursuant to or intended to be performed pursuant to the provisions of this Section Four, or any breach or alleged breach by the Corporation of any of the provisions of this Section Four.

4.15 Severability: The invalidity or unenforceability of any provision, in whole or in part, of this Section Four for any reason does not affect the validity or enforceability of any other provision, or part thereof, of this Section Four.

SECTION FIVE

EXECUTION OF DOCUMENTS

5.1 Execution of Documents: Documents requiring execution by the Corporation may be signed, either manually or by facsimile or electronic signature and must be signed by any two directors or officers. All documents so signed shall be binding upon the Corporation without any further authorization or formality. Notwithstanding the foregoing, the board is authorized from time to time to appoint by resolution any person or persons on behalf of the Corporation to sign and deliver documents manually or by facsimile or electronic signature, all as permitted by the Act, and any such documents contemplated by such resolution shall be executed only as contemplated by that resolution. Subject to the Act, wherever a document is required to be created in writing, that requirement is satisfied by the creation of an electronic document with electronic signatures. The term documents shall include contracts, powers of attorney, cheques, drafts or orders for the payment of money, guarantees, notes, acceptances and bills of exchange, deeds, mortgages, hypothecs, charges, conveyances, agreements, written resolutions, proxies, releases, receipts and discharges for the payment of money or other obligations, transfers and assignments of property of all kinds, real or personal, moveable or immovable, including specifically but without limitation, transfers and assignments of shares, stocks, warrants, bonds, debentures or other securities and all other paper writings or, as permitted by the Act, electronic writings.

6.1 Giving of Notice. Any notice or other document, including electronic documents, to be given or sent by the Corporation to a shareholder, director or officer or to the auditor of the Corporation or any other person may be given or sent by prepaid mail, by facsimile, or by any electronic or other communication facility (provided that the recipient thereof has consented, pursuant to the Act, to receive such notice or document in such form), or may be delivered personally to, the person to whom it is to be given or sent at the persons latest address as shown in the records of the Corporation or in any notice filed in accordance with the provisions of the Act. The board may establish, by resolution, procedures to give, deliver or send a notice or other document to the shareholders, directors, the auditor or other persons by any means permitted under the laws governing the Corporation or pursuant to the articles or by-laws of the Corporation. The accidental omission to give notice to any shareholder, director or officer or to the auditor or other persons or the non-receipt of any notice or any error in a notice not affecting the substance thereof shall not invalidate any action taken at any meeting called by such notice or otherwise founded thereon. Any notice with respect to any shares registered in more than one name may, if more than one address appears on the records of the Corporation in respect of such joint holding, be given the joint shareholders at any such address.

SECTION SEVEN

The Corporation may also indemnify such person in such other circumstances as the Act or law permits. Nothing in this by-law shall limit the right of any person entitled to indemnity to claim indemnity apart from the provisions of this by-law. The Corporation's obligation to indemnify a person described in this section shall continue for so long as an action described herein may be legally brought against such person notwithstanding that at such time such person may no longer be a director or officer, a former director or officer, or a person who acts or acted at the Corporation's request as a director or officer of a body corporate of which the Corporation is or was a shareholder or creditor.

8.2 Repeal. All previous by-laws of the Corporation are repealed as of the coming into force of this by-law. Such repeal shall not affect the previous operation of any by-law so repealed or affect the validity of any act done or right, privilege, obligation or liability acquired or incurred under or the validity of any contract or agreement made pursuant to any such by-law prior to its repeal. All directors, officers and persons acting under any by-law so repealed shall continue to act as if appointed under the provisions of this by-law and all resolutions of the shareholders or the board with continuing effect passed under any repealed by-law shall continue to be valid until amended or repealed.
